SCSU Restaurants Incorporated Update

REX’S DEN HAS LAUNCHED ITS NEW MENU!

In an effort to bring a fresh take on campus meals, Rex’s Den has launched a new menu that gives you the best bang for your buck. We will take measures to introduce new items on our daily specials and have seen a strong and positive response so far. If you haven’t tried the new items, you’re missing out.

Further, in an effort to promote the new menu, we are looking at multiple options including free tastings around campus and a dedicated TV screen for Rex’s promotional materials.

We’ve hired a Rex’s Den Events Coordinators to plan, promote and execute organic Rex’s Den programming. They are honorarium positions and are consistent with the SRI’s mission to hire students whenever possible with positions that give path to skill development. Additionally, Rex’s Den has partnered with Fusion Radio to do bi-weekly programming at Rex’s Den for UTSC students to relax, enjoy some good food and experience the culture of music.

HERO and KFC will be launching promotions soon in order to bring new items to UTSC and ultimately reduce prices for students. HERO will be giving away coupon packages for new items for each day of the week. KFC plans are yet to be finalized.

The SRI bylaws are currently in the process of being written. This is the first time this process is being undertaken and currently there are more questions than answers but steadfast progress is being made in an effort to set the corporation up for success in the future.

AODA - Update

The SCSU is in the process of creating a plan to finalize all outstanding AODA requirements and recommendations, including the plan to shorten our front desk to make it fully accessible. Proposals to cost-share the capital projects are being prepared and we are seeking other methods of funding.
SCSU Hiring
Over the past week, the VP Operations has finalized the hiring of the VP Operations Associate and the Income Tax Clinic Coordinator. Both are honorarium positions that are directly in line with our commitment to hire students and provide growth opportunities for members. Further, the VP Campus Life has hired Trina James as the VP Campus Life Associate and Campus Crew Coordinator. We are currently in the process of hiring our Campaigns and Events Coordinator.

Student Center Bookings & Operations
As a part of the SCSU website update, we have moved room bookings online. It has gone live this week and will be the new method for accepting booking for tables, meeting rooms and food court events. We will still accept booking via e-mail but do expect a phase out; probably in early December.

After months of follow-ups, the SCSU has received the installation of key card access systems to the following offices: WC, UG, Frontier, and Clubs locker room. This was done in an effort to provide access to multiple students with a method that is more secure.

Volunteer Network Program
There will be a VNP event held on October 24th from 1 PM - 3 PM in the Rex’s Den Lab. A poll was sent out on October 7th to assess what kind of organization members of the program wanted to volunteer with. The polling results indicated that majority of members wanted to engage with an organization within the discipline of biological sciences. Therefore, the VNP Coordinator has confirmed the Arthritis Society to attend and speak to students about the work they conduct and how they can get involved. Please RSVP by emailing vnp@scsu.ca to assure a spot in the event.

Campaigns & Advocacy

Campus Council Review
The campus council governance structure was implemented under 2 years ago. This change allowed decisions that were only relevant to one campus to move through the UofT governance process quicker. If an issue was pertinent to only Scarborough campus, it would be streamlined into the UTSC campus council, and would not warrant the next step in governance. The review allowed for the SCSU to provide some feedback in regards to the additional step, this allowed us to bring up issues with timelines, and representation on campus council.
**Democracy Talks**

The Scarborough Campus Student’s Union in partnership with the Political Science Students’ Association will be hosting a forum on campus to facilitate an event called Democracy Talks on November 13th. This non-partisan event will bring citizens together to discuss common problems and propose solutions that will be submitted to appropriate levels of government for consideration. Event attendance is limited in order to ensure we can facilitate discussions accordingly. Students may register for the event at goo.gl/EaKGXn.

**Holistic Health Subcommittee**

SCSU’s Holistic Health Subcommittee had its first meeting on Thursday, October 9. Ranim Talih, lead the meeting and facilitated a discussion on organizing future events centered on diet, meditation, complicity, and Love. The Holistic Health Subcommittee also teamed up with the Meditation & Consciousness Club to have a booth at the Health & Wellness “Mental Health Understood” Fair. If you would like to join or learn more about the Holistic Health Subcommittee, please email Ranim Talih at ranim.talih@hotmail.com or Sabrine Azraq at equity@scsu.ca.

**Interdisciplinary Research and Discovery Symposium**

4. **COMMISSION PURPOSE AND PROTOCOL**

   *Sanoj explains the breakdown of what the meeting will entail (review of past events, plans of future events and brainstorming of possible events).*

5. **OVERVIEW OF LAST YEARS EVENTS**

   *Tahsin states that he will take the lead on the discussion and brief description of each of the events held last year. The following is a breakdown of said events:*

   **UTSC on Ice**
   
   Tahsin explains what the event was: renting ice and sending students down by bus, free event and students can purchase skate rentals. This is an annual event and has always proven to be successful.

   **MONTREAL READING WEEK**
   
   Tahsin explained the 4 day 3 night event put on with TNT tours: two buses (100 UTSC students) were brought to Montreal. The daytime itinerary included Montreal activities, tours and night time club events.
   
   Room breakdowns: $199/quad room. Once on the trip, students had a lot of free time.
SUGGESTION: Saddat suggests spending less time in Montreal to help save students money.

SUSTAIN A WEEK
Tahsin lists the activities: bike tour, tree planting and movie showing, transit town hall and campus clean up

NIGHTMARE ON MILITARY TRAIL
Halloween pub night for all UTSC students. Event sold out at 300.

BLACK AND WHITE AFFAIR
This was held after midterms, location was at Arya night club.
*Habiba asks if this event is essentially the same as this years’ white party

NOTHING WAS THE SAME
Tahsin explains how this event was pivotal for SCSU. The event took place in the entire student center. $5 tickets, sold out in days, first Student Center party of its kind. Capacity was over 500. “Second biggest” party of SCSU.

SUPERBOWL AT REX’S
The Superbowl was shown in Rex’s on a Sunday. Promotion wasn’t strong and there wasn’t a great turn out. The aim is to do it again this year, with better promotion.

MOSAIC
Essentially a talent show at the end of the year. Performances, singers, rappers, poets and other performances. Other cultural events throughout the week. Mini mosaic and cultural food.

SPRING FORMAL
A banquet hall was rented, tickets were sold for $50, open bar for 19+ students.

I GOT SOLE
Event posed the question: What does the sneaker mean? Panelists: shoe designer, VP equity, community organizer all discussed the topic.

SCSU FOOD FINES
This dealt with the library at thanksgiving time: students could exchange canned food for the removal of their library fines.

EXPRESSION AGAINST OPPRESSION
This was a talent night showcase held at the meeting place where speakers came out. The Black History Month conference was a result of this event. Anti-black racism topic was discussed and Michael Dyson attended and spoke with students.
TRANSIT TOWN HALL
Planning to hold this event again this year: transit experts, chair of TTC, member of TTC, MPP all talked about the state of Scarborough transit and what has to be done to improve it.

MAYORAL DEBATE
Rob Ford came to campus along with four other candidates. Debated and discussed issues. A way to kick off the election.

IRDS
A series of workshops and seminars pertaining to graduate and under graduate research. This event will be done again this year Oct 7-9th. It includes various speakers and workshops. VP Academics, Nikki, is the contact person for this event.

THE HIKE STOPS HERE
Breaking down tuition free framework, student victories and how fees can be lowered.

ANTI-WAR COALITION MEETING
Canadian peace alliance. Speaker came and spoke about the state of war.

LET’S GET REAL
Various ideas and stereotypes that are portrayed in the movies: racism, sexism, etc. were discussed by a panel.

SOCIAL JUSTICE BLOCK PARTY
This event was held again this year (Disorientation) during Week of Welcome. Last year, Shad performed and was expected to bring out a large crowd. However, this year the event was much more well-attended and successful. It included a free BBQ, free book giveaway and various internal and external advocacy groups and campus clubs.

BOOK GIVEAWAY
This event was combined with the SJBP this year.

Advocacy aspect of the execs:
Anika: Vagina Monologues movement from around the world includes advocacy from women by telling stories, singing, poetry telling. An effort to see the world from a women’s perspective.
DISCUSSION/BRAINSTORMING OF FUTURE EVENTS

- Tahsin asks what campaigns or events students might want to see in the future; suggests dance battle competition, dodgeball tournaments. The Best Damn Sports Club is mentioned: a club who helped with the showing of different sporting events.
- Anastacia asks if SCSU does a SPIRIT WEEK or Casino event.
  Tahsin explains WILDFIRE: a poker day held in the Meeting Place. However, due to the “No Casino Toronto movement, the SCSU executives have decided to stop this event as it was contradictory.
- Vanessa asks what the study space round table is.
  Tahsin answers: it is done by academics and university affairs, issues about study spaces are raised and discussed with students. Group/quiet study spaces is currently an issue and brought up at future Library meetings to voice issues. Tahsin explains that voicing these concerns such as lack of study space is important when discussing with other university departments so that they become aware and can help reach a solution.
- Safa asks about UTSC Zombie Walk and if it will continue.
  Tahsin answers: even if events aren’t officially planned as of now, suggestions can definitely be taken into consideration. The zombie walk was a play on the collection of student debt. Last year’s VP external helped coordinate the event. Students and executives dressed up and walked around campus as zombies. Successful event.
- Habiba states that she attended a mental health meeting and saw stress balls that could be included in a kit for exam de-stressors. Other things to include in academic kit: academic tip sheets for essay outlines for students, geared toward exam writing.
- Jonathon asks for details on a Halloween event this year.
  Sanoj explains there will be a Halloween Masquerade-themed party taking place Thursday, Oct 30th (not to compete with downtown parties on the Friday).
- Glenda point out that the agenda shows a lot of party/service type events. She asks if some events could be eliminated if unsuccessful or kept if they were successful.
  Tahsin explains that there are actions, discussion and parties on the event lists. The executives are the ones who came up with these ideas and students responded. He asks if they would rather see a similar balance or if they’d prefer students come up with the ideas and execs execute them.
- Glenda suggests a campaign to increase efficiency at the Registrar’s office, not sure if it should be a conversation or an activity. The student population grows while the staff does not increase enough to reflect this. This hinders students visiting office.

6. BOAT CRUISE FEEDBACK

Sanoj addresses room and asks if there are any suggestions, ideas or feedback from this years Boat Cruise.
Feedback:
- Anastacia says the event went really well and was fun.
- Sadat agrees and says the timing of the event was almost like a de-stressor and successful.
- Glenda: best years event, security this year was friendly and better to deal with. Capacity of the boat was manageable even though packed. Veggie alternative was good. Well organized.
- Anastacia: space was good, asks if there will be another boat cruise at the end of the year.
- Trina suggests utilizing the three levels by adding in another DJ on another level. Subsidize drink tickets by increasing ticket price.
- Glenda: asks if there is a budget for events
  Amir answers with: most events by SCSU are break even events or a bit more to make up for events that don’t bring in revenue. Events budget for the year is $10,000. Montreal trip includes 2 fees. The only way SCSU makes money is on the fee from non-students. This brings in about $600 which is later used for free events.
- Glenda: asks if boat cruise is an event that makes or loses money.
  Tahsin answers with: historically, boat cruise has lost money. Currently, it is about a break even event and we now partner with other departments: SCAA/FUSION.
- Sanoj adds that we try to price events according to their fees. Budget is created, capacity is determined and we try to break even.
- Habiba: suggests events that are alcohol free during the evening that are still “cool” and asks if Miller Lash House is available for an event.
  Tahsin says he has tried in previous years but was not successful.
- Darcy asks why the reading week trip is limited to Montreal.
  Tahsin: Montreal and Vancouver are the best options in Canada. While drinking is not the only intention, it’s the best choice for students and it’s cheaper. Going outside of Canada, passports are an issue and cause conflict.
  Sanoj adds that outside of Canada is restricting to international students because of visa requirements.
- Habiba suggests Mont Tremblant/blue mountain
  Tahsin: many other departments/clubs put these on, so we try to do something different. Habiba suggests collaborating with them
  Tahsin explains that different timing is key and actually beneficial to students.
- Glenda asks to market a dry event effectively and fun to appeal to people who don’t drink. Suggests snakes and lattes: activity being done without having to drink.
  Habiba adds that those who don’t drink tend to stay off to the side during a party and wants to think of ways to include them.
  Glenda: designated chill zone at events within the party. Brainstorming ways to have
spaces without segregating certain people.
Darcy: suggests incorporating an activity with drinking, controlling the amount of alcohol while taking part in an event
- Ruba: asks what the relationship is with ARTSIDEOUT, the focus at UTSC is mostly on management and sciences; so creating artistic expression events will help promote events without needing alcohol.
Tahsin: the beauty of ASO is its spontaneity of events.
- AJ: suggests a carnival in the valley with inflatables where first year students can meet other year students.
Trina advises that the accessibility for the valley is not fair for everyone and the weather is too unpredictable to hold such a large scale event.
- Safa suggests offering a campus wide scavenger hunt.
Trina explains how this was included in Orientation and the idea did not execute as well as expected.
Rameesa: agrees that execution is not as good as expected
Jonathan suggests doing the scavenger hunt in the parking lot where orientation was held.
Sanoj explains that getting the lot space in the summer was very difficult and would be near impossible to gain during the winter semester.
- Habiba: suggests a pool party for students in the Pan Am building.
Trina: pool party can be used as an exam de-stressor near the end of the year to kick off summer. She points out to remember TPASC swimming lessons and city of Toronto plans.
- Sanoj asks for event ideas to be written down prior to meeting so that they can be fully discussed in an organized way next time.
- Jonathan: asks for third floor in the student center to be opened for all student center parties.
Tahsin and Sanoj agree that this is doable.
- Habiba suggests a bi-weekly karaoke night so that students know what day every month and look forward to it.
Sanoj agrees and says this is an event he is working on already.
- Anastacia brings up the topic of mental health week: ways to de stress, body image issues, etc.
Sanoj advises that the UTSC Health and Wellness center is putting on a mental health month touching on these topics.
Rameesa suggests an online mental health campaign.
Sabrine brings up the topic of holistic health, safe spaces, etc. this is a good time to speak about mental health issues when voices about it are usually silenced.
Sanoj: suggests meditation and consciousness club
Rameesa: mad pride parade – for people with mental health issues who are proud to speak out about them and raise awareness.
Jonathan: asks about fundraisers for SCSU, an example is candy cane sales at Christmas.

Sanoj: expresses that SCSU is already student funded and we cannot ask for more money

Habiba: asks if we cannot ask for more money, why is only $10,000 being used for events?

Amir explains that the SCSU budgets to lose $10,000 on events annually.

- Glenda: asks how sponsorship with the SCSU works and how outside companies can come in to promote their business.
  
  Sanoj mentions tabling in the student center and how companies can come in to promote their business in the student center. But on a larger scale, the audience isn’t large enough for companies to want to buy into it.

  Amir adds that the SCSU has a strict policy about ethical practices and guidelines for who SCSU affiliates themselves with.

  Glenda suggests company sponsorship with an event: Ex Zipcar collaborating with an event.

- Habiba asks why SCSU does not plan events for 7,000+ people when the school population is nearly 12,000.

  Sanoj explains that he wanted to hold a party in the valley: costs were much too high and it was not feasible.

  Trina: just because the population is high, doesn’t mean that they will all attend. Attendance is something to be taken into consideration.

- Stephanie: as a first year student, they felt that U of T was going to discourage partying and having too much fun. Suggests more active promotion for Orientation to get the word out.

  Sanoj: says how mail out, email and phone calls were all sent out.

  Trina: surveys and conversations proved that students were not predominantly interested in partying and more so in Playfair and professor meetings. Also TTC and parent curfews are an issue in planning late night parties.

  Jonathan: friends felt that the $80 was not worth what they would get out of the event. Then later realized that the costs were justifiable with food, event and activities. Suggests using video footage for promotion in coming years.

  Zafa: ask for first year student feedback and use footage for coming year’s promotion. Noticed that there were a lot of students in Guverment that weren’t partying, but would rather hangout to the side. Appreciated no alcohol but still music and dancing. Suggests voicing that students will meet new people: use as a way to get people to come.

- A J: suggests sign-up sheet for students to attend a soup kitchen or create giveaways for homeless instead of going skating in the winter.

Habiba suggests student wide clothing drive, student center holiday tree and New Year’s Eve party.
- Glenda: suggest video campaign to break the U of T stereotype of being boring.
- Habiba: have first year student’s drop off video/photo footage to VP campus life to compile promotion video.

7. **CAMPUS CREW REGISTRATION**
   - Sanoj passes around a sheet for students to sign up for Campus Crew and asks for attendees to bring their friends to next month’s Events Commission.

The package now includes wording on the Forest Stewardship Council to ensure that processing of waste paper is as ethical as possible. The policy is going for information at the next campus affairs meeting. The SCSU is hoping to have at least a 1000 signatures of the petition.

Chowdhury speaks on the **Mental Health Network meeting**. This was conducted by the campus group that focuses on the health and mental awareness of the students on campus. A flourish conference is coming up to promote the importance of mental health.

Different “civic champions” from around the GTA came out and spoke about how students can become more engaged in civics. SCSU did the opening remarks. Lastly, CFS was also there trying to promote the Generation Vote, which will be implemented in a few weeks.
Azraq speaks on #HandsUpUTSC. In the US there was a national campus day and SCSU made this international. Collaborated with Caribbean Connections. There was a campus speech followed by a walk out. This is in direct response to police brutality and anti-Black racism. It is a part of an on going session and will be addressed further.

Navan speaks on Homecoming. The game was held at the Varsity stadium on September 13th. A busload of UTSC students attended. It was a good game.

Navan speaks on the Niagara Falls trip. The SCSU has decided that the trip will no longer be organized. This is due to the fact that the travel company has asked to secure 50 spaces before October 3rd, which is close to impossible.

Questions

Nehrin asks how the extended office hours on Wednesday will be measured, traffic or by purchases.

Mulatu states that it is not based on purchases and hence, will be measured by traffic

Nehrin asks about the academic affairs introducing a program for students on campus.

Dionisio answers that is a new program they are introducing. It is a Specialist in Mental Health and Masters in social work, which is only for Mental Health students at the moment.

Nehrin asks if there will be any other programming during reading week.

Chowdhury mentions study spaces is what the SCSU will be working on and it will be more passive this time.

A motion to pass speaking rights to a member is called.

MOTION Moved: Azraq Seconded: Nehrin

Be it resolved that the member at large to be granted speaking rights at the SCSU Board of Directors meeting.

The member asks what trip are we going to do since the Niagara Falls trip is cancelled.

   Be in resolved that the Executive Report be approved as presented.

MOTION   Moved: Chowdhury  Seconded: Ahmed

Mulatu presents the revised budget as attached to Appendix 2 of the Board of Directors meeting package to the board.

Nehrin asks how much is present on the reserves right now.

Mulatu will get back to her.

A motion to pass speaking rights to a member at large is called.

MOTION   Moved: Chowdhury  Seconded: Ahmed

   Be it resolved that the member at large to be granted speaking rights at the SCSU Board of Directors meeting.

CARRIED

Omitting the name of the candidate, a back and forth discussion occurs based on what guarantee students have that the SCSU collects money for Health and Dental and will not be using it for other purposes, especially in times of loss.

Mulatu mentions that the money will not be used to build franchises or invest in any stock markets. If there occurs a need to use the money on another initiative for the students, then the SCSU will come out and take a vote.

Chowdhury further adds that it would be illegal for the staff at SCSU to go into the fund for any other purpose. The university will withhold the feeds.

Nehrin reassures that a vote will be taken among the board in case a need occurs to use the funds for another purpose.

Questions:

Anwar asks if students can opt out of the health and dental fees and how.

Parikh further asks if students going on exchange programs can opt out of health and dental plans based on the semester they will be away.
Mulatu mentions that students have until September 30th to opt out. The plan also includes travel insurance and exchange program students might want to consider keeping this. Bashir further clarifies this.

A motion to pass speaking rights to a member at large is called.

**MOTION** Moved: Nehrin Seconded: Ahmed

Be it resolved that the member at large to be granted speaking rights at the SCSU Board of Directors meeting.

**CARRIED**

The candidate questions the expenditure on the Admin and Office line as presented on the revised budget. The topic revolves around the loss occurring due to high wages being paid to directors and discusses whether volunteer positions are possible.

Mulatu mentions part-time staffs are hired too for the expenditure listed. The entire budget on the line does not only include full-time positions.

Chowdhury further states that it is hard to get motivated and committed individuals to do the work for volunteer positions.

The candidate asks if it’s possible to file a motion to get the SCSU to run on volunteers alone. The discussion is now being compared to TedX UTSC and the work that occurs.

Anwar further disagrees that you do not have enough motivation with a position when you do not benefit from it over time. TedX is a wrong event to compare it to because it is one event. Where as, SCSU has to deal with everything at large. Underpaid salary or volunteer work with the SCSU might not work.

Another motion is passed to grant speaking rights to a member at large.

**MOTION** Moved: Nehrin Seconded: Ahmed

Be it resolved that the member at large to be granted speaking rights at the SCSU Board of Directors meeting.

**CARRIED**

The member mentions that it is important to look at the quality over the work of the Staff over the quantity of how many people are interested in being involved with the union. Having experienced staff who commit their time is much more important than calling in everyone that shows interest to carry out work as a volunteer.

Ramoudith further points out that you cannot have a volunteer position that has more than 40 hours a week and expect a decent job.
Nehrin adds that it should also be taken into consideration that people with talent would not want to always volunteer their time on this.

The member at large asks how can we run a business without a profit. The SCSU should be able to provide more services to the students. This is compared to the franchise Mc Donalds.

Ramoudith points out that hiring two people to run the front desk is important. Even if they are paid minimum wage, it can add up to a very large number. Hence, the expenditure may appear as a large value due to the fact that many staffs are covered.

Chowdhury reassures everyone that every dollar we pay the staff, they put a dollar back into the business. However, the SCSU is not a business and cannot be compared to any franchises.

Azraq thanks everyone for being positive during this heated discussion.

Anwar mentions the SCSU provides free services and the members provide these to the students.

Mulatu further states that the number comes off with being as something large but it is inflated and everyone needs to be aware of that. This also includes vacation pay. It is important to understand how the number is formed on the budget as compared to how big it is.

Member at large speaks asks how is the union sustainable if there is not a profit. An organization that does this is not effective.

Chowdhury personally feels like every dollar is for the students.

A motion to end the debate is called.

**MOTION** Moved: Nehrin Seconded: Chowdhury

Be it resolved that the debate to called to question.

**CARRIED**

A vote is taken immediately.

Be it resolved that the 2014-2015 revised operating budget for the Scarborough Campus Students’ Union be approved as presented.

7. **ORIENTATION REPORT**

**MOTION** Moved: Chowdhury Seconded: Nasiri
The SCSU Orientation Lead, Trina James has worked with Aishwarya Ravi to host this event. The theme was called The Awakening. It team comprised of Sanoj Navan, Aishwarya and Trina. A smaller team was much more effective and it was easy to get things done. The stream names were created based on the orientation team and on the elements. The orientation team was hired and trained by the end of August. There were a few team bonding sessions during the summer.

Day One:

Started off with registration. Approximately around 1,200 students attended the event. The assumptions of the budget were based on 1,500 students attending. Hence, the recommendation is that 1,200 tickets will be offered to students coming in next year. Airmark lunches were provided in 3 locations during the day.

Opening services took place in the Gym. An external group was taking care of the lighting and other equipment.

Campus tours were conducted in the amazing race theme. It was interactive and exciting. However, it is important to host a campus tours in a traditional manner in order for students to actually recognize and learn the campus.

Student centre meals were in effect and vouchers for different vendors were provided. It is recommended that instead of giving students vouchers every day, they were given a voucher package at registration to make it easy.

It is important have a solid rain plan such as having a room or lecture hall for food arrangements and etc.

Day Two:

Started off with interactive icebreakers between the students. Suggestion for next year is to schedule a spontaneous dance party as part of icebreakers.

Play fair happens every year and it is important to make sure the external sponsors are aware of the ideologies the SCSU holds. The team next year should be more open to options in terms of scheduling.

Karaoke is a simple event that students really enjoy.

Pan Am tours were another activity that was supposed to happen. However, due to unfortunate circumstances the staff came down to campus and did virtual tours for students. Next year, students should be taken around campus cause its new location to them.

The hypnotist show creates a lot of hype. Suggestion for next year is to do this show during Day One. A high-energy event to start off Orientation will definitely increase the amount of first years that come out.

Day Three:

In order to make this day easier, stickers were given according to the respective category as Science, Management, or Art students.

The 4.0 fair was a new event this year and very effective. This was an academic based resource on campus and DSAs were present.

The DSA presentations were beneficial to most but for next year there should be a few meetings and discussion of what is expected from them.
The Scarborough games were also conducted during this day. It consisted of trivia based questions directed accordingly to each student based department.

Furthermore, after speaking to students the leads felt like a lot of students would have benefitted from speaking to professors or upper year students. This was not organized this year. It should be brought back. Maybe a panel discussion between professors can be organized next year.

Closing ceremonies and UFY Competition is not fair to all students participating as really energetic and hyped students win this. For next year, introduce competitions that will make all students feel like they are part of something big.

Day Four:
Consisted of the faculty Mix and Mingle. Recommendation for next year is to open up the Mix and Mingle to all students while ensure that at least one professor from each faculty is in attendance.

Day Five:
Parade and after Party took place on this day. Fusion radio provided music. Outline needs to be better. Scarborough students had to run. Don’t depend on water to be given out. Allow students to bring their own drinks. Providing students with lunch is something the SCSU should consider, for this day. A suggestion for the after party is to look for another venue because Kool Haus and Guvernment will not be available next year.

Further suggestions include: Do not collaborate with other campuses. It is just easier to work on your own campus. And during GL training and take them down to pub night. That is how far the SCSU should go in terms of collaboration with other campuses.

Questions:
Parikh asks how the Scarborough games can be re-modified to make sure everyone is involved.

Trina James agrees with the suggestion. She will keep it in mind and point it out for the future event.

Nehrin wants to know if students are getting access to places on campus that they need to know during Orientation, such as washrooms and library quiet rooms.

Trina James thought that the model was very flawed this year in terms of giving students information of spaces they need to access. This will be brought up at the next Orientation meeting.

Be in resolved that the Orientation Report be approved as presented.

Introduction

As Chief Returning Officer (CRO) of the SCSU 2014 Fall By-Election, it is my duty to present a complete and transparent report on all things relating to the election process. In doing so, I uphold my responsibility to promote and enforce a fair, democratic election.

This report will explain in detail all of the preparation involved with the election as well as every step that was taken in the election process. I have also included samples of all paperwork that was used in the appendices.

It has been my pleasure working for the SCSU for this year’s Fall By-Elections. I strongly believe in the democratic process and I enjoyed implementing it during these elections. This has been a wonderful experience and I will take all I have learned from the elections forward with me.

Thank you,

ELECTION PREPARATION

Advertising

It is important that every aspect of the election process is openly advertised to the students so that every student is offered the same opportunities. Therefore, every step of the election process was advertised through the following methods:

- Posters were on display in various areas of the campus, with a concentration on areas with a high amount of student traffic.
- Advertisements and election material were made available on the SCSU website.
- Elections were advertised in the Varsity and the Underground Newspaper.
- Emails were sent out to all undergraduate students via The Office of Student Affairs.

Ballot Boxes and Voter Screens

Ballot boxes and voter screens are required for each polling station during the elections. In order to ensure that each station is equipped for elections, the ballot boxes and voter screens were ordered well in advance from Elections Canada. Some polling stations may require more than one ballot box a day and therefore extra ballot boxes were purchased.

Each polling station was provided one ballot box and one voter screen at the beginning of each voting day. All ballot boxes were labeled by their location and date of use. All ballot boxes were sealed with seals provided by Elections Canada, signed by the poll clerks and the CRO.
Polling Stations

The three designated polling stations were placed in the following locations:

APPENDIX #1
Chief Returning Officer - Elections Report

**Voters’ List**

A voter’s list is required to confirm those who are eligible to vote, current full time undergraduate students. For this election, we only dealt with first year students.

All students wanting to vote must present their student card or a piece of photo identification along with their student number in order to vote. The poll clerk then inputs the student number into the voter’s list to determine if in fact that student is eligible to vote.

**Ballot Box Storage and Security**

All empty ballot boxes were stored in the office of the CRO prior to the election days. On the days of the election the exact number of ballot boxes required were removed from the CRO’s office and distributed to the poll clerks where they were assembled and sealed.

At the end of each voting day, the DROs and/or CRO sealed the ballot box on site and sign the seal on the box along with poll clerks signatures. The ballot boxes were then transported to Campus Police by the poll clerks and CRO. Once ballot boxes were placed in the room they were to remain there until counting commenced.

**Scrutineers**

All candidates were presented the opportunity to submit one scrutineer to observe the polling station procedures as well as the counting process. No candidates submitted scrutineers to observe the polling station procedures or counting.

**VERIFYING NOMINEES**

All nominees were required to submit a minimum number of nominations based on the position they were applying for to be considered for nomination. They were as follows:

- Executive Positions 100
- Director Positions 50

To verify these endorsements the CRO inputted the provided information into the voter’s list to determine the validity of the signature. Executive positions required signatures from full time undergraduate students. Director positions required full time undergraduate students’ signatures from their departments and part time/first year undergraduate students’ signatures for their affiliation. Once a signature had proven to fit the required criteria it was accepted as valid. All nominees that obtained the required amount of valid signatures were deemed to have met the first requirement of becoming a candidate.
The voters’ list was initially missing faculties. Therefore, contact was made with the three candidates to prove their affiliation with the respective departments applied for. CRO approved by checking their student rosi information.

SUCCESSFUL CANDIDATES

Successful candidates were as follows:

Historical & Cultural Stud

Six nominations were not accepted. These nominations were not accepted as it was deemed that students had not completed that requirements to become a candidate.

Candidates pursuing the positions of Director for the Historical & Cultural Studies, as well as the Director of Sociology were acclaimed and did not appear on any ballots.

All other positions were contested.

**ALL CANDIDATES MEETING**

On Monday, September 17th, 2014 at 5:00pm, an All Candidates Meeting was held in SL232. Attendance at the All Candidates Meeting is a requirement to be deemed an eligible candidate.

The CRO presented the guidelines during the meeting and answered any questions pertaining to the election process.

**ALL CANDIDATES FORUM**

No Forum was held for this election. The only position open for this election was 2 First Year Directors, no Executive position.

**ELECTION**

*Voting Days*

The voting days for the 2014 SCSU Fall By-Election were September 30th, October 1st and 2nd.

*Incident Report*

- Various campaign materials were removed as polling stations were being assembled to follow the by-laws. No campaign materials are permitted at the polling stations. The candidates were informed to pick up their materials and the CRO returned posters to whoever showed up for them.

- On October 1st, BV Atrium location required more ballots.
Three Candidates complained about their posters getting removed. The incident was investigated and the University Facilities were informed via email to avoid removing Election Campaigning material since every candidate that complained had material removed from the exact same location.

**Scrutineers**

No scrutineers were submitted to participate during the three election days.

**Complaints and Rulings**

Once the results were announced, a candidate who lost by four votes filed a complaint against the second winner of the First Year Director position for campaigning in an unauthorized area (classroom without her Professor’s approval). The complaint, however, was filed a week after the incident. According to the Elections Procedures Code, an appeal can be made 48 hours within the time the incident took place. The ruling was forwarded to the candidate and he agreed to abide the laws. No demerit points were issued in this case and throughout the election.

**BALLOT COUNTING**

Following the closing of polls on October 2nd, 2014, the ballots were all transported by the CRO and poll clerks to the ballot counting room.

The ballot counting room consisted of a sorting area, and one table. The DROs and CRO worked as one team to count the ballots. The table was equipped with the appropriate ballot counting sheets and pens. The CRO was instructed to read the ballot and the DROs were instructed to record the ballots on the counting sheet.

The CRO and DROs also sorted the ballots.

The ballots were sorted and counted by polling station. Only the ballots from one polling station from one Election Day were out of the ballot box at a time. As the DROs filled their counting sheets, the CRO wrapped the ballots in the counting sheet displaying the totals on the paper and keeping them packaged.

From there the ballots were added to an excel spreadsheet that generated the sums.

RECOMMENDATIONS
I recommend that the following be ratified to the SCSU Board of Directors:

Chen, Calvin – First Year Director
Lee, Hanmoui – First Year Director
Jiang, Hao Yue – Historical & Cultural Studies Director
Laurin, Marc – Sociology Director
I recommend that the SCSU review the following for the next elections:

Polling Stations

The polling stations; The IC Building, received a very low number of voters. Therefore, I believe this location should be reconsidered and placed in areas with more student traffic. Also, more marketing and promotion for the poll station at that location could encourage votes because many other stations were set up around our polling station, the attention was not equally distributed amongst all.

The BV Atrium generated the most participation from voters and therefore should receive a great amount of ballots as to not run out.

Poll Clerks

Advertisements for poll clerk positions should be posted a great deal in advance. Poll clerks should be hired a minimum of two weeks prior to the election dates to allow more time for training and scheduling.

DROs

Whoever is in charge of hiring the DROs needs to make sure the DROs are made aware of the amount of work this job demands. School always comes first but someone should not sign up for a position they can’t give enough time and dedication to.

CONCLUSION

I have made recommendations in this report that I believe will enhance the election process in the near future. All recommendations were the results of challenges I had faced during the 2014 SCSU Fall By-Elections.

It is my hope that this report is found to be useful and transparent by all.

I would like to thank you for the opportunity to participate in these elections as a CRO. It has been a great pleasure working with the SCSU this year and I am eager as to what opportunities lay ahead.

Thank you,

Abeeha Sanai
