CAMPAIGNS & ADVOCACY

Academic Advising Roundtable
Academic Advising Roundtable: This body brings together many different groups all who play a role in providing academic advice students. Topics that have been discussed here included, the academic early alert efforts on campus, and an early alert form for professors. These projects aim to locating students who need academic advice earlier and have begun being tested with lower years in the large first year classes, such as calculus and hope to improve university retention by notifying students of support resources.

Racialized Student’s Collective – Real Talks
The Racialized Students’ Collective partnered with the Muslim Students’ Association for the first Real Talks conversation on October 18th it was around Islamophobia and Racism and how western politics has made it more acceptable for people to show their hate and receive little to no consequences. This was the first talk of a series of conversations we will be having on a bi-weekly basis.

CAO Forum
The Student Life and Operations Forum (or CAO Forum, for short) is a space for SCSU executives and student representatives to dialogue, lobby, and provide a student perspective on University issues. This year, Theresa Lagman and Nasma Ahmed will be the students working with SCSU to present items of student concerns. On October 4th, these included asking for a follow-up on meeting with York Region Transit, along with the TTC regarding 198 improvements, addressing study space concerns and inquiring about the UofT Bookstore’s commitment to the Fair Trade Campus commitment. There were also safety concerns with respect to the Fight the Fees banner drop; as such, we are currently exploring potential solutions.

Dean’s Academic Forum
This is a space that is intended to allow students to have a dialogue with the Dean around issues that of importance to students. Issues discussed include: progress on indigenization of UTSC, instructor to student rations, 2017-18 sessional dates, laptop policy best practices, equity breadth requirements, equity hiring, the proposed exit survey, and academic amnesty for the national day of action.
DSA Council
The DSA Council is a space for the SCSU, as well as members of all UTSC DSA’s to meet together on a regular basis in order to discuss any business that is of importance to either group. Some items discussed at this meeting include: Follow ups to issues raised by the council around study space, and updates on projects that the VP AUA has been working with the Dean’s office, such as laptop policy best practices.

Flying Squads at York and Ryerson
SCSU executives participated at flying squads that took place at York on October 12th and Ryerson on October 19th. This was an opportunity for student unions to work together to do mass outreach at one campus to reach out to as many students as possible about the National day of action happening on November 2nd. If you want to get involved with the next flying squad taking place at UTSC on Wednesday October 26th from 11 am – 5 pm, feel free to contact Sitharsana Srithas at external@scsu.ca.

Health and Wellness Advisory Committee
The VP External, Sitharsana Srithas, sits on the Health and Wellness Centre Advisory Committee as an executive of the Council of Student Services (CSS). The first meeting was held on October 18th, in which the committee had an overview of the services provided by the Health & Wellness Centre. The committee also looked at a draft of a Health and Wellness poster and gave feedback. The committee will meet again next month.

Provost Meeting
The SCSU executive meet with folks from the Vice Provost, Students office about once a month to address student issues at the Scarborough Campus. On September 26th, we discussed the sexual violence policy, presented a solution to retention strategies at UTSC, spoke about the academic toolbox renewal, and received updates on the demographic survey.

Provostial Undergraduate Student Advisory Group
October 4th was the first of a series of meetings hosted by the Provost office that the SCSU President will be attending all school year long. One representative from a variety of student societies along with student unions across the University of Toronto gathered to meet with the Vice Provost, Students. This first meeting was centered on the draft sexual violence policy, where the implementation plans were presented. Students used this as an opportunity to address their concerns with the policy. Some of which were also outlined in the Sexual Violence Consultation Summary Report SCSU spearheaded in collaboration various student unions, equity service groups and departmental student associations across UofT. *The Summary Report can be found in this board package.

SCSU Academic Forum
Academic Forum: The SCSU began the Academic Forum as the result of a motion struck at the Campaigns and Equity commission to have a space for students to discuss academic concerns, issues, and experiences. The first Academic Forum took place on November 10, 2015 and this space brings together administration and students so they can work together to overcome the barriers students face in their academics. This meeting touched on a number of issues including accessibility, technology in the classroom, financial aid support, and isms in the classroom. This
year, the VP AUA intends to increase the frequency of Academic Forums, buy hosting one every
other month, beginning in October.

SCSU Presentation at Campus Council
SCSU is generally invited for an introductory presentation at the beginning of the Campus
Council cycle. While we welcomed the invitation, we also used it as an opportunity to readdress
some of our priorities and recommendations that were relevant to the body. During the
presentation, we offered tangible solutions toward implementing TRC, creating a more
welcoming environment for the campus community, and obtaining free education.

SCSU Submission for Artside Out 2016
On Thursday October 6th, the executives participated in the annual Artside Out event that took
place from 11 am – 4 pm. SCSU was positioned outside the BV wall where we had a chalk wall
where students could express why they are fighting the fees on Nov 2nd and make personalized
Fight the Fees buttons. Students were also able to participate in an interactive display of Fight
the Fees. Students were really engaged and we were successfully in gaining a lot of support for
the Fight the Fees campaign.

Sexual Violence Committee Meeting
The Sexual Violence Committee had a meeting on October 19th, and discussions were driven
around how to educate students and staff about Sexual Violence and to hear feedback about the
student consultations. The committee meets on a monthly basis to ensure we create ways for safe
spaces on campus.

Toronto Action Coalition Meetings
There were meetings held on Thursday Sept 29th at George Brown and Thursday Oct 13 at
UTSC to discuss in detail what the National Day of Action is going to look like at each campus
and at Queen’s Park. The Day of Action at UTSC will begin with free pancake breakfast, which
will be served from 9 am to 11 am. Afterwards, students will be loaded on buses to leave
downtown where we will meet with the other two U of T campus and organize a rally with
various speakers, performers and activities. Next, we will be marching to the action at Queen’s
Park, where will be meeting with the rest of the universities and colleges in the GTA. Free lunch
will be provided at Queen’s Park. The Day of Action will end at 4 pm after which students will
be loaded on to buses to return to UTSC. If you have any questions about the Day of Action or
want to volunteer on this day, please email Sitharsana Srithas at external@scsu.ca.

EVENTS & PROGRAMMING
4.0
The SCSU hosted the Annual Fall 4.0 Fair, which is an event that aims to connect students to the
resources available to them through the University. These include, the Library, Academic
Integrity Office, DSAs, and AccessAbility. Due to restrictions that lack of space have placed on
the meeting place, this event was schedule for the Monday after reading week, this likely
impacted the number of students that were on campus.

Clubs Training
The next clubs training will be taking place on November 7th, from 10am to 4pm. For more information, contact campuslife@scsu.ca

Dog Therapy
The SCSU hosted a Dog Therapy session as a midterm destressor. This event was put on in partnership with the St. John’s Ambulance Dog Therapy Program. Unfortunately, due to difficulties on the part of St. John’s in scheduling volunteers to come out to Scarborough, only one team was able to attend the event.

International Student Café
Some of the students who attended the Thanksgiving lunch just days earlier ended up joining SCSU on Friday, October 14th for our International Student Café! While enjoying a free lunch provided by us, we also had an opportunity to have great discussions about experiences in Toronto, along with the disproportionate impact of tuition fees on international students. Our International Student Coordinator was of great support in shaping this event!

International Student Centre Thanksgiving Lunch
SCSU was invited to speak at and dine with international students on October 9th, for the International Student Centre’s annual thanksgiving lunch. For many students, this may have been their first Thanksgiving celebration, which also provided a great opportunity to include conversations about the colonial legacy of the celebration itself.

Nightmare on Military Trail
On October 27th, the SCSU will be hosting a free Halloween social at Rex’s Den from 7:00pm to midnight. The SCSU will be conducting a variety of Halloween theme activities, sell drinks at a special rate, and giving out prizes for the best dress. For more information contact campuslife@scsu.ca.

U.S. Presidential Debate Screening
On October 19th, SCSU and PSSA organized a screening of the last U.S. Presidential Debate at Rex’s Den from 9 pm – 11 pm. Several students attended and snacks were given out to attendees.

Rajabi speaks on **Standing Rock – Solidarity Action**
Sioux people as well as Indigenous communities and allies across Turtle Island have been gathered in South Dakota to protest the proposed Dakota Access Pipeline. If built, DAPL would destroy a historic burial site for Sioux ancestors and be detrimental to our environment. Though Obama administration suspended construction, the National Day of Action on Tuesday, September 13th called on the revocation of all pipeline permits. This city’s protest began at Toronto Stock Exchange and finished up at Dundas Square, and SCSU was there to stand in solidarity and against injustice toward Indigenous communities and the environment.

Voters’ List

A voter’s list is required to confirm the name, year, program, and status of the SCSU membership to ensure voting eligibility for each constituency. The voters list was obtained by the SCSU President from the Office of Student Affairs & Services.
Ballot Box and Voter Screens Preparations:

Ballot boxes and voter screens are required for each polling station during the elections. To ensure that each station would be properly equipped for elections, an inventory check was completed weeks prior to the election dates. Enough ballot boxes, seals and voter screens remained in the inventory from prior elections and there was no need to reorder from Elections Canada.

Polling Stations

The three designated polling stations were placed in the following locations:

1. IC Building
2. The Student Centre
3. BV Atrium

All polling stations were equipped with their own set of supplies as packaged in their poll kit. These supplies included:

- 1 Laptop
- 1 Extension Cord
- 1 Power Bar
- Poll Clerk + Scrutineer Sign in Sheet
- Ballots
- Large white envelopes
- Small white envelopes
- 1 Box of pens
- 1 Roll of masking tape
- 1 Set of instructions on setting up the polling station.
- SCSU Election 2016 Polling Station signs.
- A printed out slide presentation the from Poll Clerk training and a flow chart on (a) how to properly cast a vote and (b) the Double Envelope method

Deputy Returning Officer (DRO)

Applications for the DRO positions were up at the same time as the CRO position. It was the CROS duty to look through the applications for the most qualified for the two vacant position. Of the seven (6) applicants that emailed their resumes and cover letters to participate in this opportunity, (2) were ultimately selected as per the Elections Procedures Code. Interviews were conducted by the CRO on September 16th 2016. After consulting with the President of the SCSU,
the CRO (at her own will) chose the final two to fill the position. The DROs for the 2016 SCSU Fall By-Elections were Rahul Gupta and Halima Farah.

The responsibilities of the DRO (pay through honorarium: $450) are as follows:

- Serve as a member on the Elections Committee
- Assist the CRO in their duties
- Adjudicate and enforce the election bylaws and policies
- Assist in the organization and operations of the Fall elections (voting days Oct. 17-19; may be potentially needed until Nov. 9), and if needed, run-off elections in the case of a tie
- Assist with the coordination of candidates during public forums, and other necessary meetings
- Publicize the election and referendum, and all related events pertaining to the elections
- Tally the ballots at the end of the elections and referendum
- Oversee polling clerks in their duties
- Assist in the creation, submission, and presentation of a detailed report to the SCSU Board of Directions in consultation with the CRO following each election and each referendum

Poll Clerks:

Positions for poll clerk positions were made available well in advance through the SCSU website. Applications required the student's resume and cover letter and were to be submitted online or in person to the front desk of the SCSU office. Not enough people applied by the due date and an extension was made in order to encourage more students to apply.

Poll Clerk Interviews took place on the week of October 3rd, 2016. Interviews were conducted by the CRO and DRO Halima Farah. Interview questions were put together by the CRO as well. Call backs were done by DRO Rahul Gupta.

Training of the poll clerks is to be held prior to the voting days. Therefore, training was scheduled for Tuesday October 11th 2016 in SL 222 at 3pm. This was during the University of Toronto Scarborough campus reading week and everyone was able to attend except for Connie Liu who was traveling abroad and for such reasons was absolved from her duties as a polling clerk indefinitely.

During the training, Poll Clerks were guided through a PowerPoint presentation that was also emailed to them along with the Elections Procedures Code to ensure information accessibility. Information included: important dates, contact information for CRO + DROs, Poll Clerk duties, typical voting scenarios, and poll clerk etiquette. Training was done by the CRO and supervised by Kavita, the Executive Director.
VERIFYING NOMINATION PACKAGES:

All nominees were required to submit a minimum of 50 nominations in their package. To verify these endorsements, the CRO inputted the provided information into the voter’s list to determine the validity of each signee. These nomination signatures must come from students in the first year. Once a signature had proven to fit the required criteria, it was accepted as valid. All nominees that obtained the required amount of valid signatures were deemed to have met the first requirement of becoming a candidate. All candidates’ signatures were valid and were successfully able to move on as contested or acclaimed in their positions.

Only One position was contested; Director of first year students.

All Candidates Meeting:

On Friday September 30th at 3pm, the mandatory all candidates meeting was held in SL 232. All candidates attended the meeting except for Saja Elshaikh who sent a Proxy with a signed form to sit in for her during the meeting.

The meeting was chaired by the CRO and supervised by the Executive Director of SCSU. The candidates were guided by a power point presentation highlighting important details and dates of the election. They also had the Elections Procedure code read to them for verbatim and given the opportunity to ask questions at the end of the meeting.

Election Days:

The election was held on three consecutive days being Monday Oct 17th, Tuesday Oct 18th and Wednesday Oct 19th.

Who could vote, and how to successfully Vote:

All eligible first year students were asked to present their T-Card, however any government issued photo ID was still accepted, as long as the student knew their student number. Polling clerks then inputted the last four digits into a real-time database to determine if the student was eligible to vote.

In the event that the student did not appear in the database but still met the above criteria, the poll clerks were then asked to manually input the student’s information into the database and follow the Double Envelope Method to ensure safe and valid voting procedures.

Incident Report:

No Incidents were reported by any of the candidates at any time of the election period to the CRO.

Scrutineers:

No Scrutineers were submitted to participate during the election days.

Ballot Boxes and Voting Screens during the election:
During the elections, each polling station was provided with one ballot box and one voter screen at the beginning of each voting day. All ballot boxes were labeled with their location, as well as sealed with seals provided by Elections Canada and signed by either (a) CRO + poll clerk or (b) DRO + poll clerk.

At the end of each voting day, ballot boxes were stored in a safe storage by Campus Police to ensure that they could not be tampered with. For the Fall 2015 By-Elections, nine (9) ballot boxes total were used; three (3) for each station for each of the three (3) voting days. All empty ballot boxes were stored in the office of the CRO prior to the election days. On the days of the election the CRO and DROs assembled the boxes with seals at each voting station and signed each seal with one (1) poll clerk at each station.

Sharply after 6:00pm, the CRO or DRO sealed the ballot box at each location and signed the seal on the box. Systematically, all materials from each voting station were carried from the IC building, then to the Student Centre, and finally to the BV Atrium. After all the ballot boxes were together in the BV Atrium, the CRO, DROs, and late-shift poll clerks made their way to Campus Police and placed the boxes in a sealed room that was then accessed by the CRO at the end of voting on October 29th, 2015. Campus Police was notified of the need for storage in advance of voting.

**Ballot Counting:**

Following the closing of polls on October 19th, 2016, the ballots were all transported by the CRO and poll clerks to the ballot counting room, SL283, in the Student Centre. The ballot boxes were opened categorically, starting with all the ballot boxes for Days 1, 2 and 3 from IC, followed by Days 1, 2, and 3 from the Student Centre and finally, Days 1, 2, and 3 from the BV Atrium. Only one ballot box was opened and counted at a time. In this particular order, the CRO read out the ballots while both the DRO’s tallied and filled out the appropriate ballot counting sheets. It was crucial that both DRO’s ballot counting sheets matched up for each day and location. A separate ballot counting sheet was used for each location and day.

Afterwards, the tallies from the ballot counting sheet were added to an Excel spreadsheet to sum up the totals, as well as calculate overall voting numbers for the Election.

**Official results:**

The results were a tie between two of the candidates running. Since two positions needed to be filled and three candidates ran for the position, the two tied candidates now successfully hold the title of director of First year with 16 votes each.

Contested candidates for director of First Year:

Aaheli Mukhjee (16 votes)  
Evan Wang (16 votes)
Successful Elected Candidates:

Director of First year:

Aaheli Mukherjee

Evan Wang

Recommendations for future elections:

Poll Clerks:

There was a lot of complications with poll clerks, from hiring to having them show up for their assigned shifts. I would recommend that the position be advertised more widely so a lot more students can apply so there isn’t a shortage of poll clerks. I would also advise that people whom have consistent availabilities be hired so there is no confusion when the election dates arrive. The best form of communication with the poll clerks would be a group chat so please ask everyone for their cellphone numbers and not home phones. I found it difficult to get a hold of majority of the poll clerks.

CONCLUSION

This year’s fall by-Election was a quit one and transitioned smoothly. No official campaigning was done by the three contested candidates which made it hard for the student body to know that the election itself was being held. I have made only one recommendation in this report due to the smooth transitioning of the election.

It is my hope that this report is found to be useful and transparent by all. I would like to thank you for the opportunity to participate in these elections as CRO. It has been a great pleasure working with the SCSU this year and I am eager as to what opportunities lay ahead.

Thank you,

Iman Raghe

FINANCIAL STATEMENTS

SCARBOROUGH CAMPUS STUDENTS' UNION

AS AT APRIL 30, 2016
INDEPENDENT AUDITORS' REPORT

To the Board of Directors:

We have audited the accompanying financial statements of the Scarborough Campus Students' Union, which comprise the statement of financial position as at April 30, 2016, the statements of operations and changes in net assets and cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Canadian accounting standards for not-for-profit organizations and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements present fairly, in all material respects, the financial position of Scarborough Campus Students' Union at April 30, 2016, and of its financial performance and its cash flows for the year then ended in accordance with Canadian accounting standards for not-for-profit organizations.

1. PURPOSE OF THE ORGANIZATION

Scarborough Campus Student's Union (SCSU) is a not-for-profit organization operating programs and providing services and advocacy for the full-time undergraduate students at the University of Toronto Scarborough and is exempt from income tax under the Income Tax Act. The primary objectives include: improving the quality of campus life, services and education, and to represent the member students in areas of common interest. Financial operations are administered by an executive committee subject to approval by the Board of Directors.

SCSU has a custodial responsibility for the Student Centre building at 1265 Military Trail under a Student Centre Management Agreement with the University dated October 15, 2004.

2. BASIS OF PRESENTATION

These financial statements have been prepared in accordance with Part III of the CPA Canada Handbook - Accounting Standards for Not-For-Profit Organizations.

3. SIGNIFICANT ACCOUNTING POLICIES

Revenue Recognition

The collection and amount of non-academic incidental fees charged to students in Ontario is regulated by the Ontario Ministry of Advanced Education and Skills Development through its Ontario Operating Funds Distribution Manual and Compulsory Ancillary Fee Policy Guidelines. Pursuant to these, a change to or introduction of a fee must be done in accordance with a long-term protocol established between the University and its student government. SCSU's protocol with the University of Toronto Scarborough requires a referendum of the student body for significant changes to or the introduction of fees.

Fees collected from the students for a specific purpose, pursuant to referendums of the student body, are accounted for using the deferral method of accounting for externally restricted contributions. Restricted fees are initially shown as a liability upon receipt of the funds. When the funds are disbursed for their intended purpose, the liability is reduced and an equal amount is then recognized as revenue and expense. All fees, with the exception of two described below, are collected by the University of Toronto Scarborough and periodically remitted to SCSU.

The Student Centre Levy collected from students as part of the SCSU fee is not recognized as revenue. This levy is withheld and retained by the University of Toronto Scarborough and applied to the building's financing. The University of Toronto Scarborough is required to retain legal title to the building, and contributions towards the cost of the building, or material renovations made to the fabric of the building, become the property of the University and are therefore treated as either repairs and maintenance expenses, or expensed as a contribution towards the building.

Similarly, the UTSC Sports & Recreation Complex Levy collected as part of the SCSU fees is also withheld and retained by the University of Toronto Scarborough for the same reasons.

To be read in conjunction with our Auditors’ Report dated October 21, 2016
3. **SIGNIFICANT ACCOUNTING POLICIES** - continued

**Revenue Recognition** - continued

Sales and rental revenues are recognized when the related goods are sold or the services performed. Any monies received as a deposit are initially shown as unearned revenue and deposits under the liabilities and then taken into income when the goods and services are provided.

The health and dental plan administration fees charged is $5.50 a semester for each enrolment under Dental coverage, and $5.50 a semester for each enrolment under Accident and Prescription Drug coverage. The total administration fees allocated from H&D fees collected from a student enrolled under both plans for a full year is $22.00.

Leasing revenues are recognized on a straight-line basis over the term of the lease.

Interest is accrued on a daily basis.

**Inventory**

Inventory consists mainly of admission tickets and Toronto Transit Commission (TTC) fares. It is carried at the lower of cost and net realizable value on a first-in first-out (FIFO) basis.

**Property and Equipment**

The property and equipment are recorded at cost and amortized over their estimated useful lives. Computer equipment is amortized over five years on a straight-line basis. Equipment and furniture is amortized over ten years on a straight-line basis.

**Investment in Subsidiaries**

SCSU is the sole controlling shareholder of SCSU Restaurants Inc. (o/a Rex's Den). Rex's Den is the sole controlling shareholder of 2277345 Ontario Ltd. (KFC Express franchise), and 2277596 Ontario Ltd, (Hero Burger franchise), all of which operate out of the Student Centre. The consolidated operations of SCSU Restaurants Inc. have been recorded using the equity method.

**Contributed Services**

The Union makes extensive use of volunteers in its activities. Volunteer services have not been recorded due to the difficulty in valuing them.

**Use of Estimates**

The preparation of financial statements in accordance with Canadian generally accepted accounting principles requires management to make estimates and assumptions which affect the amounts reported in the financial statements and the notes to the financial statements. The primary estimates concern the net amount recoverable from the loans and investments in the for profit subsidiaries. Actual results may differ from these estimates. These amounts are reviewed periodically and adjustments are made to income as appropriate in the year they become known.

To be read in conjunction with our Auditors' Report dated October 21, 2016
3. **SIGNIFICANT ACCOUNTING POLICIES** - continued

Financial instruments

Financial instruments are measured at fair value when issued or acquired. Financial instruments are subsequently measured at amortized cost, and the carrying amount incorporates the amount and the related financing fees and transaction costs. The effective interest rate method is used to amortize any premiums, discounts, transaction fees and financing fees in the statement of operations. The financial assets consist of cash, restricted cash, guaranteed investment certificates and accounts receivable. The financial liabilities consist of accounts payable and harmonized sales tax. Financial instruments are regularly assessed for indications of impairment. If there is an indication of impairment, being a significant adverse change in the expected timing or amount of future cash flows from the financial asset, an impairment loss (bad debts expense) is immediately recognized in the statement of operations. Any reversals of previously recognized impairment losses are recognized in operations in the year the reversal occurs.

7. **DEFERRED GROUP HEALTH AND DENTAL PLAN FEES**

The health and dental group insurance plan portion of the student fees collected are also accounted for using the deferral method, consistent with the treatment of the other restricted fees above. It is shown here separately due to the magnitude of the plan. The ending balance represents the amount remaining in the fund at the fiscal year-end. Payments made subsequent to the year-end are disclosed to show the amount in the fund at the end of the academic year.

</tbody>

The higher balance at the end of the current year is due primarily to two factors. First, the union was able to negotiate lower premiums for the same level of coverage this fiscal year.

8. **STUDENT CENTRE CAPITAL FUNDS**

Student Centre Loan repayments are withheld from student fee remittances by the University. The fees withheld is recognized as Student Centre Capital Reserve income as the debt to the University is repaid. The 2015 fiscal year is the last for which this amount was withheld from the student fees.

To be read in conjunction with our Auditors' Report dated October 21, 2016
9. INVESTMENT AND LOANS TO RELATED PARTIES

SCSU’s initial investment in the Restaurant included $100 for 100 common shares together with advances to fund its operations. SCSU Restaurants Inc. has invested in two subsidiary franchises - Hero Burger and KFC Express. The SCSU wholly owns all shares either directly and indirectly in each of these related parties.

SCSU Restaurants Inc. continues to accumulate a deficit, as do the Hero Burger and KFC Express. Accordingly, the value of these investments have been impaired to reflect management's estimate of the net amount that will be recovered within ten years.

10. **FINANCIAL INSTRUMENTS RISKS**

The main financial instrument risk exposure is detailed as follows.

**Credit Risk**

The financial assets with credit risk exposure are accounts receivable and advances to related parties since failure of any of these parties to fulfil their obligations could result in financial losses for the union. The union is also exposed to a concentration of risk in that all of its cash and the guaranteed investment certificates are held with financial institutions and the balances held are in excess of Canadian Insurance Corporation (CDIC) limits.

**Liquidity Risk**

The Union’s liquidity risk represents the risk that the Union could encounter difficulty in meeting obligations associated with its financial liabilities. The Union is, therefore, exposed to liquidity risk with respect to its accounts payable. The Union meets its liquidity requirements by preparing and monitoring forecasts of cash flows from operations, anticipating investing activities, and holding assets that can be readily converted into cash.

**Market Risk**

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk is comprised of currency risk, interest rate risk and other price risk.

**Currency Risk**

Currency risk refers to the risk that the fair value of financial instruments or future cash flows associated with the instruments will fluctuate relative to the Canadian dollar due to changes in foreign exchange rates. The functional currency of the Union is the Canadian dollar. The Union does not have any financial instruments denominated in foreign currency.

**Interest Rate Risk**

Interest rate risk refers to the risk that the fair value of financial instruments or future cash flows associated with the instruments will fluctuate due to changes in market interest rates. The Union is exposed to interest rate risk with respect to cash and guaranteed investment certificates. Fluctuations in market rates of interest on cash and guaranteed investment certificates do not have a significant impact on The Union's results of operations. The objective of The Union with respect to its guaranteed investment certificates is to ensure the security of principal amounts invested, provide for a high degree of liquidity, and achieve a satisfactory investment return.

**Other Price Risk**

Other price risk refers to the risk that the fair value of financial instruments or future cash flows associated with the instruments will fluctuate because of changes in market prices (other than those arising from currency risk or interest rate risk), whether those changes are caused by factors specific to the individual instrument or its issuer or factors affecting all similar instruments traded in the market. The Union does not hold any financial instruments subject to this type of risk.

The net profit realized is due to a 1% commission received from the sale of TTC on tokens, day passes and VIP passes. Post-secondary passes do not generate a profit as they are sold to students at cost.

The operating subsidy is received from the University. The University restricted the use of these funds to offset the costs of operating Rex's Den. This subsidy is not student fees, and is passed directly through to the restaurant. This funding is therefore not available for use in the Union's general operations.
