Campaigns & Advocacy

Provincial Elections Outreach
The VP External conducted an online ‘get out to vote’ campaign which provided students with information about the 2018 Ontario Provincial Elections. This included information on voter registration, voting polls, advanced polling, necessary IDs, party platform points in relation to the Fairness for Students campaign, Scarborough-Rouge Park video series, and a countdown to vote day. Student members who signed-up for e-mails during in-person outreach received this same information via e-mail. The SCSU also set-up a table for a full-day of in-person outreach in the BV Hallway. Students were encouraged to vote, were provided more information about voting/elections, had their elections questions answered, and were given freebies. For more information, please contact Hana at external@scsu.ca

Housing Workshop: Know Your Tenant Rights!
The VP External and VP Campus Life are organizing an off-campus housing, legal information and assistance workshop facilitated by Downtown Legal Services - the UofT student legal clinic. From this workshop, students will gain a general legal overview of tenant rights, rooming houses, repair and safety issues, and evictions. Legal facts pertaining to tenant rights have also been shared as an online flyer. For more information, please contact Hana at external@scsu.ca

Mandated Leave of Absence Policy (MLAP)
The VP External and VP Academics are continuing to work on advocacy around the MLAP. They've given speeches against the immediate implementation of the MLAP in it's current form at the Academic Board and University Affairs Board meetings. The SCSU has created a video including representatives from the UTMSU, APUS, and GSU to inform our membership about the policy. Additionally, the SCSU put forward an emergency motion that passed at the CFS' National General Meeting. This motion called for national support to condemn the policy through open letters (to be signed by CFS member locals), social media statements, and e-mails. Additionally, awareness will be raised through internal and external media sources. For more information, please contact Hana at external@scsu.ca

MOTION CARRIED

Dang motioned to divide motion 7 into individual motions.

Motion to Divide Motion 7

MOTION Moved: Dang Seconded: Sahgal

Dang motivated. Dang stated that the original point in the approval of agenda did not include a discussion of the CRO report and its potential shortcomings; therefore, there are a lot of questions that were not answered by the CRO and members of the ERC. On page 22 of the March Board of Directors meeting package, the previous Chair stated if the Board was unsatisfied with the previous results or the way the current positions have been conducted in the election, we can motion for division of ratification.
Ali requested a point of information and asked what it means to divide motion 7.

The Chair stated that dividing the motion means there will be a discussion and a motion for each individual being ratified; therefore, there will be 21 different motions as opposed to 1 motion.

Sahgal spoke in favor of the motion. Sahgal stated it is a good idea for Board of Director members to consider and express opinions about each individual being ratified.

Srithas spoke against the motion. Srithas stated that students were engaged in and voted during the Election process, which has gone on for several months. Splitting the motion to reconsider individual candidates would undermine that process. There was an opportunity for discussion during the CRO Report and students had the opportunity to contact the CRO and Executives if they had any questions about the Election process. Srithas stated that the basis of the CRO Report is not a valid reason to divide this motion. Srithas stated that every candidate on this paper deserves to be an elected representative. Srithas spoke in favor of one omnibus motion rather than dividing the motion. Srithas reminded the Board that if this motion passed they would be voting for 21 motions using secret ballot and to keep in mind that there are many items on the agenda for this meeting.

Sahgal stated as members of the Board of Directors, it is their responsibility to hold themselves and the SCSU accountable, which entails holding the Elections process accountable. Sahgal stated it is their job as Board of Director members to ask questions and ensure that the organization runs fairly and democratically.

Mohamed motioned to call the question.

Dang requested a point of information and asked if his motion to vote via secret ballot is applicable to all motions or just this particular motion.

The Chair stated that secret ballot applied to the motion he put forth.

Srithas asked if there could be a quorum check because a Director on the attendance list may have abandoned office, which would change what 2/3 majority of the Board means.

The Chair stated 2/3 majority only applies to people in room.
The Board voted on the motion to divide motion 7 into 21 individual motions.

9. Fee Increases

MOTION

Moved: Srithas
Seconded: Arayata

Be it resolved that the following adjustments be approved beginning in the Fall 2018 session:

An increase of $0.40 per session in the SCSU membership fee ($0.02 part-time); and
An increase of $0.12 per session (full-time only) in the CFS/CFS-O membership fee; and
An increase of $0.59 per session in the Student Centre fee ($0.18 part-time); and
A continuation of the Student Refugee Program fee  

*increases represent 1.5%

Srithas motivated for the annual fee increases for the Fall 2018 year.

Anup was not given speaking rights.

In terms of fee division, Dang asked what percentage of the increase would go to each service.

Srithas asked for clarification of what Dang was asking.

Dang asked for the breakdown of where the fee increases would be going, such as the SCSU membership fee.

Srithas stated that is a budget question.

Kavita stated that the SCSU membership fee will increase from $26.38 to $26.78, which will be allocated according to the rest of the budget. There is no specific increase for a specific budget line, it is an overall increase. Typically increases go toward staff salaries and Executives’ salaries which have an AGM motion attached to it and the CPI yearly increase.

Arayata requested a point of order and stated there are people live posting what is happening at the meeting without the consent of anyone in the room. Arayata asked if anything can be done about that.

The Chair asked who is live posting the Board of Directors meeting. The Chair requested that anyone live posting or livestreaming stops because they do not have permission to do so.

Dang asked if there is a breakdown for each increase. Dang used the SCSU membership fee as an example but he also has questions about other fees.

Kavita stated the CFS increase of 1.5% was sought at the Board after a referendum. The SCSU does not operate the Student Centre fee because the Student Center is held in trust by the University. The Student Refugee Program fee is a continuation not an increase.

Dang asked how many students the SCSU sponsors through the Student Refugee Program fee.
Kavita stated there are 2 fees. A WUSC fee, which sponsors 1 refugee student and the other continuation fee of $0.30 per student is used for a bursary program for protected students and pays for the rent of a second year refugee student.

The Board voted on the approval of motion 9.

**MOTION**

Be it resolved that Christina Arayata be granted signing authority on behalf of the Scarborough Campus Students’ Union for the 2017-18 fiscal year.

Srithas motivated. At the moment, the SCSU is losing a signing officer because the Executive Director, Kavita, is leaving. Srithas stated that it is good practice to have 3 signing officers.

Stojanovski asked if Kavita is leaving this month.

Kavita answered in affirmation.

The Board voted on the approval of the motion.

**MOTION CARRIED**

11. **Operational Policy – Student Centre Reserve Fund (Page 19)**

**MOTION**

Moved: Srithas Seconded: Frimpong

Be it resolved that the Operational Policy – Student Centre Reserve Fund be adopted as presented

Srithas motivated. Srithas stated this is a recommendation from the Financial Analyst of the University. The SCSU was advised to make a maintenance schedule for big repairs to ensure there is money set aside for large expenses. There is concern because the wet and dry roof scan showed that the roof needs to be repaired and the SCSU needs to save money for this large maintenance project. Srithas explained that this policy would change the deadline of the reserve fund of 1.5 million by 2022 to allow the SCSU to have sufficient time to accumulate maintenance funds. Srithas passed out information on the maintenance schedule and the wet and dry roof scan.

Dang asked if the record could be corrected because the motion should read that the policy will be completed by 2020 not 2023. During the Emergency Board meeting, the motion to amend
this policy failed.

Srithas motioned to amend the Operational Policy and change the deadline to 2022 because the Executives will not be able to reach 1.5 million by 2020.

Motion to Amend the Policy

MOTION Moved: Srithas Seconded: Frimpong

A motion was put forth to amend the deadline of the Operational Policy – Student Centre Reserve Fund to 2022.

Dang requested a point of information because original motion should read 2020 not 2023; the motion to change this deadline failed 2 meetings ago.

The Chair stated that either way, the current motion deals with moving the deadline to 2022.

Dang just wanted to ensure the policy, as written, has the correct deadline.

Dang asked if students or Directors could access the budget documents, which were being circulated around the table.

The Chair stated that the Board is currently discussing the amendment to the policy; therefore, contributions should be about the proposed date change to 2022. The Chair stated that the main motion will be discussed after voting on the amendment.

Dang stated that students, such as Directors, had no access to this information prior to the meeting. Dang stated they could not conduct their own research to prepare for this discussion, which impairs their judgment when making this decision.

The Chair asked for clarification on how this comment related to the conversation of the date change.

Dang stated it is in regards to the budget documents that are being circled at the moment.

Kavita stated that a lot of this information is mentioned in the audited statement. Based on budget projections, there is no way the SCSU can reach 1.5 million by 2020.

Sahgal stated that Dang had a point. He was not provided information about the quality of the roof and he had no way to do his own research to justify the statistics to change the spending schedule. Sahgal does not think he can make an informed decision about the amendment.

Srithas stated that this motion was brought to the Policy and By-Laws Committee, they were given the same information and everyone voted in favor. Srithas stated that these items were discussed at the Emergency Meeting. There was a discussion about the need to change the roof of the Student Centre because the wet and dry roof scan received a poor rating. Srithas stated this was public knowledge because these facts were discussed the Emergency Meeting, and Srithas brought the documents to this meeting to provide more evidence. As Directors, it is our
responsibility to be fiscally responsible for future terms in addition to our current term. Srithas encouraged the Board to vote in favor of this motion, which was recommended by the Financial Analyst of the university.

Dang requested a point of information and asked whether it is possible to ask about specifics.

The Chair stated they are currently speaking about amendment, once the Board voted on amendment then Directors can ask about specifics.

Sahgal stated that the lack of information prior to the Emergency Board meeting was the reason the motion to change the deadline was rejected. Sahgal stated that he did not see these documents prior to this meeting. At this time, Sahgal encouraged all Board members to vote against the motion because they were not given enough information beforehand to decide on modifying the date. Sahgal does not think the decision should be based solely on the advice of the Financial Analyst of the university.

Due to the Student Center Management Agreement, the SCSU must respond to the university twice a year about Student Centre expenses. The SCSU must work with the university and take their feedback into account because the university owns the property, the SCSU just manages it; therefore, the SCSU is accountable to the university. Srithas explained what she meant by her comment about this motion being discussed at the Emergency Board Meeting. Srithas reminded the Board that there was a motion to discuss the policy changes at a later meeting because these motions were received at the Emergency Meeting. Now, Srithas is providing all the facts so she thinks folks have enough time to provide an adequate judgment.

Arayata stated that it is in the interest and well-being of everyone that the roof be repaired. As Srithas stated, this policy was available for weeks and there was enough time for Board of Directors to ask Executives questions and address their concerns; therefore, Directors can make a decision at this meeting.

Frimpong asked a clarifying question of what is enough time and could this be discussed now.

Stojanovski requested a point of personal privilege and asked if the documents could be passed to her.

Dang motioned to call the question.

The amendment was approved.

Dang asked if the roof will be replaced by eco-friendly material and what that process will look like.

Kavita stated that the cheapest and quickest alternative is an agar seal. They do not know the eco-friendliness of this option but they will conduct an investigation with Facilities. Kavita stated the other option would be replacing the entire titanium of the roof, which would cost 1 million dollars.

Arayata requested a point of personal privilege and stated that people are once again live streaming the Board of Director meeting without permission from anyone.

A point of personal privilege was called, which means that live streaming is impeding someone’s participation in the meeting. The Chair stated that live streaming prevents Directors from participating effectively because they do not feel comfortable to speak. The Chair stated this was the last warning for everyone. If anyone else decides to livestream, which makes the Directors feel unsafe and targeted, the meeting will be restricted to only the Board of Directors.

Dang asked a follow up question to the Executive Director. Dang asked if it is possible for roof sealing technology to be high in albedo, i.e. highly reflective.

Kavita stated they would look into it.

Kubra asked if there was a SCSU By-Law that stated students could not livestream.

The Chair stated that a member of the Board requested a point of personal privilege, which she entertained because of someone’s personal feelings. The Chair explained that a point of personal privilege can be called when someone feels that something is happening to impede their personal experience at the Board meeting.

Dang asked if Executives or the Board creates a campaign, would that be fiscal discretion.

The Chair asked if there was a question that related to the policy. The Chair felt this was deviating from the topic of the motion.

Dang asked where the money for the fund would come from.

Kavita replied the money came from the yearly surplus of the Operating Budget.
Stojanovski asked if the cost of the roof will be advertised.

Kavita stated that the SCSU needs the initial cash to pay for this expense. The actual capital investment will be advertised.

The Board voted to accept the motion as amended.

12. Operational Policy – DSA Funding Amendments (Page 33)
MOTION

Moved: Srithas
Seconded: Frimpong

Be it resolved that the Operational Policy – DSA Funding Amendments be adopted as presented

Arayata motivated. Arayata explained the purpose of these amendments were to make up for operational changes within the DSA funding policy.

Dang spoke in favor of motion. He agrees with Arayata's statements because there is an efficiency issue.

Dang requested a point of information and asked if the red text were the changes.

Arayata answered in affirmation.

Sahgal requested a point of information and stated there is conflicting information between what is stated in the agenda and what is displayed on the projector screen. Sahgal asked which one is being proposed. Sahgal asked if the red text is the changes and the crossed out items are removed.

Arayata apologized, and stated the version in the agenda is the correct version. Arayata stated the red text is the changes and the crossed out items are removed.

Dang motioned to amend the motion from “2 any Executives” to “at least 1 VP of Finance or Director of Finance”.

Arayata stated the policy was written this way because it recognizes that the VP of Finance may not be available to attend the meeting. It is up to the discretion of the AUA to handle training. During the transition, she will advise next AUA to create a DSA handbook as she did.

Srithas added that some clubs may not have a VP of Finance because they have a VP Internal.

Sahgal motioned to amend the policy to “at least 1 Executive” instead of “at least 2 Executives”.

Arayata stated the training day is a long day and information may be lost. It is better to have 2 members of the DSA because this makes it easier for the team, especially during the transition.

13. Motion – Multi-Faith Rooms
MOTION

Moved: Srithas
Seconded: Dang

WHEREAS the Scarborough Campus Students’ Union (SCSU) has a mission statement to lobby for a campus that is equitable, inclusive, and accessible for all students at the University of Toronto Scarborough (UTSC); and

WHEREAS the SCSU empowers students’ to be faith and culturally sensitive, but SCSU itself is reluctant to faith and so far has not quite catered to meet the needs of students of faith at UTSC; and

WHEREAS previously this year, the SCSU held a non-faith event in the smaller multi-faith prayer room, and left it messy for another faith group to clean who were delayed in performing their religious and spiritual ritual; and

WHEREAS the SCSU needs to be respectful of the prayer spaces in the Student Centre and internally practice faith sensitivity as they preach it; and

WHEREAS despite SCSU operating the Student Centre, the SCSU does not maintain and sustain the multi-faith prayer rooms, does not help to clean it, and preserve the room for students of faith. Instead faith groups who use the multi-faith prayer rooms at the Student Centre are the ones who clean it and maintain it; and

WHEREAS the multi-faith prayer rooms are outdated, the foot washing stations in the SCSU bathrooms are inadequately functioning and also inaccessible to many students who don’t pray in the student centre; and

WHEREAS it is a commitment for the SCSU to represent all students on campus, including
WHEREAS the SCSU is also committed this year to creating and lobbying for more accessible bathrooms; so

BE IT RESOLVED that the SCSU immediately update and renovate the current multi-faith prayer rooms, with new partitions, carpet, resources, and fresh paint in the bigger multi-faith prayer room, and new furniture, set-up, and fresh paint in the smaller multi-faith prayer room; and

BE IT FURTHER RESOLVED that the SCSU update and add more foot washing stations in the student centre bathrooms (upstairs and downstairs), as the knobs on the current ones are broken so students can perform ablution; and

BE IT FURTHER RESOLVED that the SCSU lobby the university administration to build more foot washing stations in bathrooms across the campus, as many students find the Student Centre bathrooms inaccessible and out of reach.

14. Motion – By-Law Considerations

MOTION Moved: Srithas Seconded: Dang

WHEREAS a comprehensive by-law review is necessary for the well-functioning of the SCSU;

WHEREAS these gaps in the by-laws threaten the daily operations and special operations of the SCSU Whereas previous SCSU Policy and By-laws Committees have not submitted amendments to the by-laws in recent years;

WHEREAS previous SCSU Board of Directors have also not submitted amendments to improve the by-laws in recent years;

BE IT RESOLVED that the Board of Directors take into consideration amending Bylaw III 1.3 from providing the membership 10 days notice of a general meeting to 14 days instead of 10 days;

BE IT FURTHER RESOLVED that the Board of Directors consider amending By-law III 1. by adding the following, “Winter Semester General Meeting” with the clauses underneath that heading being, “1. A winter term general meeting will be held between February 15th and March 15th of the current academic year to show the progress that SCSU has made towards advancing the objectives sought after by the executive committee,” and, “2. During this meeting, Board of Directors will present their progress on their projects to the union’s membership”;

BE IT FURTHER RESOLVED that the Board of Directors consider amending By-law III, 1.4.
change the numbers for an annual general meeting, from 500 to 700, and 1.4 to be amended to include, “The quorum required for a Winter General Meeting of the Union shall be no less than five hundred (500) Members of the Union, of whom at least forty (40) Members shall be present in person”;

BE IT FURTHER RESOLVED that the Board of Directors consider amending By-law III 1.5., to add, “Minor programs may vote for their department director,” and, “First years may not vote for their department director, but only for executive candidates”;

BE IT FURTHER RESOLVED that the Board of Directors consider amending the dates specifically listed in By-law X 3. As August 1st, from August 1st to May 1st;

BE IT FURTHER RESOLVED that the Board of Directors consider amending By-law X 1., to include the clause, “Executives of the Union are considered abandoning their office when they have missed 5 board of directors meetings without adequate reason, and have missed at least 3 executive committee meetings per month without adequate reason, and shall receive a special hearing by the board of directors to rectify the situation”;

BE IT FURTHER RESOLVED that the Board of Directors consider amending, By-law X, 3., to include the following, “For financial transactions that take place at commissions, commissions members may grant up to $250 per project informally with explanation of where the money will be directed,” and, “For projects that request over $500, they will be required to make a formal presentation to the commission,” and amending 3.(f) to read, “Quorum is three (3) non-Board members and three (3) members of the Board of the Commission(s) with at least one of those members being a Department Director.

Srithas spoke in favor of the by-law changes because it makes the by-laws more explicit and includes good changes.

Sahgal asked for more information on why it is a good idea that first years cannot vote for their department director. Sahgal felt it was an injustice and it is ageist because it limits student’s influence based on their year of study.

Srithas stated it is logistical, not ageist. Srithas explained that first years are not able to vote for Board of Directors because they have not declared their major and there is no department list. Elections take place during January and February but first years do not declare their major until after March.

Stojanovski stated it would make sense if students in direct entry programs have the ability to vote for Board of Directors, but not those who declare their major in June.

Dang stated some first years are allowed to enroll in an unlimited program, which creates an unfair situation where some first years can vote for directors but others cannot.

Williams agreed with Srithas.

MOTION CARRIED

Anup was given speaking rights.

Anup stated there are 2 amendments to By-Law 10 which create conditions where Executives are separate from Directors but Executives are a subset of Directors. Anup asked whether the language used for this motion should facilitate the distinction between Executives and Directors. If the Board interprets Directors as the Board of Directors, then the proposed changes to the by-laws regarding the abandonment clause already exist, and additional clauses or articles are not necessary. Anup asked for the Chair’s interpretation of whether Executives are a subset of Directors.

Dang stated the Board directly rejected appealing the Chair’s ruling on this issue of dividing the Board and the Executives. The Chair welcomed it during last meeting.

Hamzai stated that the issue of the division was heavily discussed at the last meeting and the Board came to an agreement. Hamzai requested a point of information regarding why this issue was brought up again.

The Chair stated it was a discussion.

Anup requested a point of information and asked why current Directors are linking this motion to what happened in past.

The Chair reminded the Board that she did not know what happened at last meeting because she did not chair that meeting.

Dang called the question.

Anup asked for the Chair’s opinion.

The Chair stated that her understanding of what is being asked is contentious, as is her opinion. Since it is a matter of discussion it will be discussed later.

The Board voted on the approval of motion 14.

Stojanovski requested a point of information and asked why there was an increase in the Services Revenue in the January Income Statement.

Kavita stated that the locker revenue in January is not a much (compared to September) because lockers are only available for half of the year and it is based on whatever is available.

Dang asked if it is possible to discuss Other Business because there is usually an Other Business section of the agenda.

The Chair stated that only the reports presented would be discussed at this time. The Chair
stated there is no space in this meeting.

Dang asked if it could be added to the next meeting.

The Chair stated it could be and put it forward to whoever makes the Board Package.

Dang asked Arayata if students are invited to the Student Academic Forum. Dang asked if there were any dates or a timeline for the self-declared sick notes project that can be released to the Board.

Arayata stated she wanted the self-declared sick notes policy to pass and there is an anticipated pilot in the summer and/or upcoming year. There is a lot going on behind the scenes that she cannot discuss out of respect of the Administration.

Sahgal asked if this mechanism could be abused if it were to be implemented.

Arayata stated there is a working group, and she consulted with multiple Administration Departments and students since May. The Academic Advocacy Report outlines the model she suggested and it is available online. During meetings with Administration, she discussed the limitations, such as the system being abused. Based on past reports made during H1N1 breakout, they found the use of self-declaration did not increase. In addition, there were benefits within university such as less petition cases and less labor required to process medical notes.

Dang asked about the absence of the March income statement.

Kavita stated that the income statement of the previous month is available of 15th of the following month. The March income statement will be available on April 15th and presented at the next Board meeting.

Dang corrected the spelling of Kai Cheng Thom. In regards to Frimpong’s participation the IDERD Conference, Dang asked what was discussed and how can that apply to UTSC.

Frimpong was asked by the Sexual Violence and Prevention Centre to sit on the panel. The topics discussed were: how racialized students were represented at the #MeToo Movement, how we feel about #MeToo, how can #MeToo be brought up on our campus and how can we talk about it more broadly with our students.

Dang asked about the lessons from the IDERD Conference.

Frimpong stated the #MeToo Movement was started 10 years ago by Tarana Burke for sexually abused and sexually violated young women. Although this movement gained traction once celebrities endorsed it, and it is important to realize that our lives do not become important when celebrities say so. It is important to center voices of women, such as Tarana Burke, who started the conversation.
Dang asked if future administrations could organize future Student Town Hall meetings with
Srithas stated it is hard to work with the Minister’s schedule and bring her to Scarborough.

Srithas stated it would have to be taken up with next Board and she would include that feedback in the transition document.

Dang heard there was a rollout of a survey on the sexual violence and education policy. Dang stated it was distasteful because students were offered gift cards as incentives to answer challenging questions about sexuality, sexual assault and trauma. Dang asked what conversations the SCSU had about addressing this particular issue.

Frimpong stated that she discussed this issue with the Vice Provost of Students during a meeting. The Vice Provost of Students stated that the number of students that completed the survey was significantly higher than expected and it maybe because of the gift card incentive. Frimpong raised this issue to the Vice Provost of Students and who said she would raise the issue with her folks. Frimpong stated she would bring this conversation to the Sexual Violence Advisory Board.

Dang asked if the SCSU could organize a Candidates Debate or Candidates Forum for upcoming provincial election. Dang asked if that was in the transition document.

Srithas did not think it was in the students’ best interest to do so during exam season and May would be a better time for students. Srithas stated that she would include how to go about doing so in the transition document.

Dang asked about relations with the Centennial College Students Association. Dang asked if there could be elaboration on what has been discussed and what can be brought to this table for discussion.

Srithas stated that most of the conversations were about topics that were mutually beneficial such as international students, UPass, transit advocacy, food insecurity, and event collaborations. This is the first year the SCSU was able to build a relationship with Centennial College and Srithas hopes this relationship will continue. There was discussion about a joint meeting with the upcoming Centennial and SCSU President.

Sahgal expressed concern that several international students are housed for residence at Centennial. Sahgal asked if there are measures, other than transit collaborations, to make life easier for students who are living on a different campus.

Srithas stated these are big conversations that cannot be answered with just 1 year of interacting because they are having ongoing conversations with each other and their respective administration to get more support and resources. Srithas wants to ensure that this relationship continues because this is a challenging conversation that is just beginning. Srithas hopes in the next year the relationship will grow and campaigning work can be done to support international students. Currently we are under the Canadian Federation of Students (CFS) and there are advocacies and campaigns we do for international students such as OHIP and more financial
support for international students. This is done on our campus and in collaboration with universities and colleges across the GTA and the nation.

Ali asked if Director Updates will be taken up at this meeting.

The Chair asked if Director Updates are typically part of Board meetings.

Dang answered in affirmation.

The Chair stated that Director Updates could be addressed after Dang’s question.

Dang asked if the relationship with Centennial College Student Association could be included in the transition documents of the Presidents. Dang asked if the transition documents could include an academic lobbying platform or forum for students in the Journalism, Paramedicine and New Media Studies programs because they were severely affected by the strike.

Srithas and Arayata stated this could be added to their transition documents.

The Chair asked how Director Updates are typically addressed at Board meetings.

Srithas stated that Director Updates are typically part of the agenda. Srithas stated that the agenda was already approved.

Dang suggested reconsidering the agenda.

The Chair stated that a motion to reconsider the agenda meant motioning to add anything to the agenda. The Chair stated that Other Business or Director Updates would be included on the agenda of the next meeting.

Srithas stated that the policy of Board of Director meetings states Directors can submit any agenda items 1 week prior to the meeting.

Dang asked if priority could be placed on Other Business and Director Updates so they are placed at beginning of the agenda.

The Chair stated that Other Business would have to go at the end of the agenda.

Srithas stated it would be best to do Director Updates and Other Business at end because the Board is receiving reports from RSC, Food Bank and the Tax Clinic that need to be approved.

Stojanovski asked if Director Updates need to be submitted.

Srithas stated that they did not need to be submitted.

Chemi requested speaking rights.

The Board voted on giving speaking rights to Chemi.

Vote: Majority in favour

MOTION CARRIED

Chemi was given speaking rights.

Regarding the Student Leaders Meet and Greet with Minister Hunter, Chemi asked how leaders were chosen and the Executives’ definition of leader. Chemi wants other UTSC students to be part of this space and to participate in this discussion.

Srithas stated it is difficult to choose only 10 students from this campus and 10 from Centennial. Srithas was part of selection process, and she selected students based on their experience and experiential learning. The Meet and Greet focused on advocating for experiential learning and trying to get a variety of voices in the room. There was also an open forum with students on campus and in the community to participate in the Town Hall. The Student Town Hall was an opportunity to engage with students because it is the SCSU’s responsibility to create a platform to engage.

In regards to the President’s comment about the criteria she used to choose Student Leaders, Sahgal stated that this decision shouldn't be made by 1 person. Sahgal stated a board or a cross section of Executives should be consulted to make this decision. Sahgal stated this would be more transparency to avoid the impression of arbitrariness.

Based on email she sent to the Executives, Chemi was told that the decision making process was made by Executive Committee Meetings (ECMs). However, the President stated it was solely picked by her. Chemi asked for clarification on this discrepancy. Chemi was not asking about people’s intentions because she saw a constant pattern among the folks chosen as leaders for these events. Chemi asked if there is any formula for this process.

Srithas stated that by choosing she meant she reached out i.e. contacting or emailing. This was brought up at ECM and they received suggestions from Executives. Srithas understands the point of having a consultation process. Srithas stated this was done with CSS, Academic Forum, the Chief Administrative Forum, and various committees they sit on. They reached out to get a variety of people, as at large members, to participate. Srithas stated this suggestion will be included in the transition document. Srithas stated that the schedule with the Minister was flimsy because it is challenging to get someone to UTSC. The Town Hall was marketed but the Leaders Meet and Greet was up in the air until the last minute because they received a late confirmation. Therefore, they were not able to reach as many students as possible.

Dang asked what the $6 078.00 Professional Development & Travel fee in the January Income Statement entails. Dang about the February Income Statement, which stated $1 428.18 was spent on Internal Services, which includes postage, insurance, etc.
In regards to the Professional Development & Travel fee, Kavita stated that these were booked to travel, transportation and parking fees. Kavita stated that a portion of the transportation fees were used to send students to Lobby Week, but that does not encompass everything.

Srithas stated a more extensive break down could be given at the next meeting.

Kavita stated that Internal Services covers general liability insurance and expenses paid to payroll software.

In the March General Meeting package, it was stated the Elections cost $11,972.29 and covered May 1st 2017 to February 23rd 2018. The Elections Reports in the January and February Income Statements state that the total Elections costs is $9,858.10. Even if the First Year Elections are included in this total, the total would be approximately $15,000. Dang asked why $3,000 was missing.

Kavita reiterated that the income statement of a previous month is generated by the middle of following month. This income statement was generated on February 22nd, which means it covers May 1st to February 22nd. A snapshot of February is shown in that income statement; therefore, the total expenses for the month of February were not recognized in that income statement.

Dang asked if that meant the cost of the Election should be $7,000 not $11,000.

Kavita stated they could show the income statement from the Elections, which totaled approximately $14,000. Kavita stated there was an issue because some general maintenance expenses were booked to wrong account, but that has been rectified. There was also a 22% increase in wages and there were more expenses for the second election that were received after the fact because she did not receive contracts from a lot of poll clerks and ballot counters until the beginning of March.

VP Syed mentions that the debate she attended was not organized by SCSU, but was part of a community initiative that she was invited to last minute, and therefore posted an invite through social media. VP Syed mentions that the CFS is an overarching body that unites other student unions across Canada. There is the Fairness for Students campaign, which is a student-labour campaign focused. Lagman asks whether other campaigns like the Fight the Fees will have some changes, specifically on campus climate and sexual violence campaigns

VP Syed notes that the No Means No campaign is getting revamped because it is getting outdated

Lagman asks how UTSU’s plan to defederate from the CFS would impact SCSUS

VP Syed mentions that the SCSU and UTSU relationship is cordial, and that they are separate organizations, so it wouldn’t impact the work SCSU plans to do. Syed notes that the Ontario Executive meeting things seemed fine.

Gheerawo asks a question regarding transition programs from Jumpstart and Startup, noting that a lot of the events are for first years coming to school, and that there hasn’t been events on transition events for workforce and accessibility needs for upper years

Abdulle mentions that she will go back to the office and bring this up, and see what could be done about it

Gheerawo mentions that there isn’t a draft policy on the laptop ban from SCSU and the University, and notes that not all professors ban laptops. The discussion has been happening for two years, and there should be a referendum in laptop usage.

Abdulle mentions that she is currently in discussion with Accessibility office, who stated that students have been coming to the office to let them know of the ban. Often times the office has to intervene, and currently, this is the only way they’re working around it. Abdulle is still looking into the documents from last year about the ban, but that this is an ongoing issue and will do more research

Tsai mentions that the issue is that not all students with accessibility needs are signing up with the office, Accessibility, so SCSU should support all students

Gheerawo asks if SCSU will provide accommodation with students encountering the ban? Especially for those with invisible disabilities.

Abdulle mentions that she is waiting for DSA’s availability, and that it could be an option if they can’t make it

Gheerawo suggests an online training module so everyone gets the training

Abdulle mentions that she would have to look into the logistics in doing one
Awad raised a question on DSA funding processes and timelines
Abdulle notes that she has not looked into changing how it currently is, but could look into accommodating

Hossain mentions that SCSU can assist marketing DSA events, but that the SCSU shouldn’t do their jobs for them

Dang talks about the modules in DSA marketing, noting that it isn’t the best, where it is usually done in classroom announcements, social media, so there shouldn’t be a qualification. Dang states that the SCSU should share regardless because there is a working relationship with the DSA

Stojanovski mentions that DSA funding process has been slow in the past, as someone who sat in the DSA committee who only met twice a year. The suggestion is to have meetings more frequently

Awad mentions that word of mouth would be best fashion in promoting DSA events

Tsai raises a question regarding Pride events and safety, and whether there’s discussion of campus police presence? Recognizing the ways in which marginalized folks interact with the police; how will SCSU ensure safety?

Brayiannis notes that SCSU is in collaboration with SC:OUT, campus police, and Positive Space, where this concern will be brought forward

Gheerawo raised a question about Student Affairs, if there will be future conversations into researching informing students life events pertaining their academic life, as students don’t read their e-mails

Brayiannis states that DSL outreach is up to them, and that SCSU can encourage them on how to do outreach

Dang asked questions around meal plans and if there any current attempts to remodel the food module? Will there be a survey on food options? And, does the university have a plan on building on the culinary program?

Brayiannis states that the Residency Centre the goal is make it more like a cafeteria setting, and there was discussion of what kinds of food should be available. There was also conversation around Highland Hall and what the options in there would be. The SCSU could look into developing a survey.

Stojanovski asks when the Frosh website be available?

Bahl states sometime in June or July

The Chair does a time-check, noting that some folks have to break fast, asking the Board how they would like to proceed

Motion to deal with 9A and to table the rest of the agenda to the next board meeting

Vote: Majority in favour
MOTION TO DEAL WITH 9A CARRIES

The Board is now on item 9A

9a. Mandated Leave of Absence Policy

Whereas the Thursday University Affairs Board Meeting downtown at Simcoe Hall discussed the feedback from the 20 day consultation period of the latest draft concerning the University Mandatory Leave of Absence Policy,

Whereas there were unacceptable claims and attacks on student intentions, student consultations, and mental health in general,

Whereas our mission statement is to protect all students, especially those who are vulnerable to the power dynamics being leveraged by the university on apparent terms of ‘good faith’,

Whereas the entirety of UofT student groups, ranging from SCSU, UTSU, UTMSU, APUS, UTGSU, ASSU, VUSAC, SBA, to UCLIT and more, have vehemently opposed the current policy in its written form due to many inadequacies in language, equity, and due process,

Be it resolved that the SCSU work towards educating students on what MLAP means to us students,

Be it further resolved that the SCSU condemn the heavy-handed coercive attempts by The Vice Provost's office to not reintroduce the policy if it fails at any point,

Be it further resolved that the SCSU call for more operational funds to be allotted to satellite campuses such as UTSC for increased funding to health and wellness services so that students do not need to travel downtown instead of having service costs being funded by students,

Be it further resolved that the SCSU BoDs work towards educating students on this policy as well.

Moved: Dang
Seconded: VP Syed

Dang mentions that the policy affects people seriously both on their mental and physical health because it allows the university to make decisions in mandating students to leave their classrooms. Dang notes that once a student is kicked out of classroom because the professor believes they have mental health issues, then the student would lose resources and support available to them from the university.

VP Syed asks a question around increasing service costs for satellite campuses, if this was a general statement?

Dang notes that it is more a general clause in the emergency motion, and that it should be more operational funds instead of student fee increases

VP Syed notes that both her and Abdulle have been working on the MLAP and understands if there is a lack of awareness in the student body. They are working on educating more students about the policy, and currently there is a tri-campus collaboration with the other UoT unions, noting that all unions are against the MLAP. This means that 100% of the student body at UofT is against the policy. They are currently in the works now in how to better educate Board of Directors, but the Board of Directors should not be forced on this. VP Syed invites folks to approach her if they have any questions around the MLAP as she and Abdulle have been heavily working on it.
Motion to amend

Be it resolved that the SCSU Board of Director retreat include a module on the Mandated Leave of Absence Policy for more education
Moved: Dang Seconded: Tsai

Brayiannis mentions that there is too much to cover in the retreat, and that the Board of Directors should be familiar and confident in their roles as BoDs

SCSU Food Centre Transition Report 2017 - 2018

Goals

The Food Centre aims to do the following
1. Provide nutritious, quality, and culturally appropriate food for individuals on campus including students and staff
2. Advocate for affordable access to food for students
3. Conduct research and spread information about the economic barriers faced by post-secondary students
4. Provide referrals to other money saving resources on campus and in the community
5. Teach skills for students to fight hunger and poverty on campus

Standard Operations

The SCSU Food Centre is operated in collaboration through SCSU and Daily Bread. Daily Bread is an organization that operates many food banks in the GTA. The SCSU Food Centre qualifies as a Daily Bread food bank and therefore is connected in that network and policies. In a typical week, Daily Bread will deliver the food on Friday sometime between 10-12 AM at the loop in front of the Student Centre. Volunteers and the Food Centre Coordinator (FCC) spend approximately 2-3 hours after the delivery on Friday bringing the food to the Food Centre and unpacking and sorting the food onto the shelves and into the fridge. The FCC will have received and read the shipping receipt provided by the Daily Bread Truck Driver. The Food Centre opens on Tuesday and Wednesday from 4-7 PM. Volunteers and the FCC staff the Food Centre from 3:30-7:30 PM. The half hour before the Food Centre opens is used to prepare the space for opening (moving boxes and tables around, setting up the computer on Link2Feed outside of the Food Centre) and walk the volunteers through the weekly rations. Volunteers and the FCC take their weekly ration on Tuesday and Wednesday between 3:30-4 PM and store the rations away during their shift. The half hour after the Food Centre closes is used for cleaning up the boxes, tables, computers, and general space. Each client can only go to a Daily Bread Food Bank, which the SCSU Food Centre qualifies as, once a week. The leftover food is placed on a table outside of the Student Union office and students can take as much as they want. This way the food is completely gone every week and fresh food is delivered every week.

Some key things to note are firstly that the truck often does come 1-2 hours after the designated time from 10-12 PM. The issues that result from this are that sorting and storing the food is pushed back because it cannot be done until after the food has been delivered. This means that volunteers and the FCC must stay back longer. The FCC should let Jessica Kirk know that they may have to work extended hours. Most volunteers that started their shifts at 10 AM cannot stay late so it is important to have volunteers that can come in later on Friday if necessary to help with storing the food. Without volunteers, it will take the FCC a minimum of 3 hours to unpack and store the food. Second, the hardest timeslot to find volunteers for is Fridays. When hiring volunteers, the FCC should look through their schedules or even ask them about their availability on Fridays for the delivery. For more information see the ‘Staffing the Space’ section of this report. Third, the FCC should come in at 3PM on Tuesday or stay later on Friday to create the weekly rations. For more information on creating the weekly rations please see the ‘Weekly Rations’ section of this report. Lastly, the food distributed at the Food Centre comes almost exclusively from Daily Bread. The only exception to this is when the UTSC Farmer’s Market is open (typically every other Wednesday) when leftovers are generously donated by the Farmer’s Market team, at around 4-5PM. When reaching out for other donations the FCC should keep in mind that people must be available to accept the donations and put the donations in storage.

Friday Delivery

The Friday delivery is the food delivered by Daily Bread. Daily Bread states that their food will arrive sometime between 10-12 AM, although often the delivery can be late. When the delivery is 30 minutes late it is best for the FCC to call Daily Bread. Otherwise, the truck rarely comes at 10 AM, but instead usually between 11:30-12 PM. The truck arrives at the loop in front of the Student Centre. Jessica well usually receive a call 10 minutes before the truck comes and will message the WhatsApp group to let the team know. Shopping carts work the best for transporting the food from the loop to the Food Centre. The shopping carts can be found in the Student Union offices. With 2 shopping carts it usually takes 2-3 trips to get 1 crate of food up to the Food Centre. During the academic year of 2017/2018, crate was ordered per week. However, for the upcoming academic year this might increase to 2 crates.

Once the food is all in the Food Centre it must be unpacked from the boxes and sorted in their sections. Typically, the items that need to be refrigerated or frozen are taken care of first. Whatever does not fit into the big and small fridges in the Food Centre can go onto the bottom shelf of the fridge in the kitchen of the SCSU office. The rest of
together; granola bars, crackers, and cookies together; pasta and rice together; and potatoes and onions together. Typically, random foods go into one section and these include a product that comes alone (single item of any product), sweets (chocolate, caramel, chips), and hygiene products (toothbrushes, shampoo), among other random items that are received. Eggs need to be cut in portions of 6 eggs to be distributed. If the eggs come in cartons of 12 eggs, then the cartons can be cut in half using a knife to create the egg portions. If the eggs come in flat cartons of 30 eggs, then the carton needs to be cut along the lines shown below. The eggs can then be placed inside the clear vegetable bags to keep them together and safe during storage and transportation by the clients.

The food comes in cardboard boxes and the boxes that are strong enough for clients to use to carry food in are saved beside the large fridge for the clients. After all the food is sorted the garbage is placed by the bins in front of Fusion Radio. The floor is swept, and you’re done!

**Hiring Volunteers**

The team that hires Food Centre Volunteers includes the FCC, VP Operations, and Campaigns and Advocacy Coordinator. An ad calling for volunteers is posted on all social media. The selected volunteers are then invited for a formal interview. The interview questions that were used for the 2017/2018 academic year can be found in the Google Drive of the SCSU Food Centre Gmail. The hiring team then discusses the possible candidates and how many volunteers they are looking to hire. Successful candidates are contacted by the FCC to attend a training session (that is composed of an anti-oppressive training and Food Centre Specific training). The times of the interviews and training are decided by the hiring team.

**Staffing the SCSU Food Centre**

The space is staffed exclusively by volunteers and staff. Regular volunteer time slots are Fridays 10-3 PM, Tuesday 3:30-7:30 PM, and Wednesday 3:30-7:30 PM. Other volunteer time slots are when events are being planned or executed. The whole team is connected through a WhatsApp group. The volunteers let the FCC know when they can volunteer for the upcoming week by 10 PM Sunday. It is recommended that 4-5 volunteers are available for all time slots. If certain times are understaffed (typically Fridays and Wednesdays) then the FCC should let the team know via WhatsApp and kindly ask if anyone is available to fill those slots. If the time slots continue to be severely understaffed because no one can fill those times, then the FCC should talk to Jessica K. to see if external help (such as Street Team) can be recruited. After each volunteer time slot, the FCC should record which volunteers came and how long they stayed in the “Food Centre Volunteers” document in the Google Drive of the SCSU Food Centre Gmail. This document serves as a record for how many hours each volunteer has completed for references and the Volunteer Network Program. Volunteers can claim their hours to earn benefits through the Volunteer Network Program.

**Weekly Rations**

Weekly rations are the amount of food that each client is allowed to take for their weekly visit. The FCC can use the following template to create weekly rations. To decide how much of each food item should go to each client, the FCC should count the number of said food item and divide by the anticipated number of weekly clients. For the 2017/2018 academic year we anticipated 60 clients every week. The FCC should print 4 copies of the “weekly food rationing” sheet off before the Tuesday shift every week.

Link2Feed
Link2Feed is the software used by Daily Bread to register and track clients coming to their food banks. Link2Feed must be opened and logged into before the start of every Tuesday and Wednesday shift. Each client must be signed in through Link2Feed every week before they can access the Food Centre. Use the username and password provided by the Campaigns and Advocacy Coordinator to log into www.link2feed.com. Further instructions on registering new and existing clients can be obtained from training provided by Daily Bread.

Accomplishments
1. Successfully launching and establishing the SCSU Food Centre as the location on campus for food relief
2. Engaged with the Fight the Fees campaign to advocate for a decrease in the financial strain on students
3. Participated in Nutrition Week through tabling and increased the number of people who knew of and used the Food Centre
4. Successfully created a solid base for future growth of the SCSU Food Centre

Future Hopes and Dreams
1. Increase outreach so that more students know about this service and feel that they can access it if they choose to. Outreach goals include:
   a. Increasing social media activity. One project we hoped to do was a social media campaign, through Instagram and Facebook, that showed homemade recipes that could be made using ingredients from the Food Centre. Students could then engage with this campaign by posting their own dishes and recipes and using a designated hashtag.
   b. Increase campus presence through events. One event we had hoped to do was a “cooking quick and healthy dishes using Food Centre ingredients.” Another was a budgeting workshop. Another was how to eat healthy on a budget workshop.
2. Increase successful advocacy to decrease hunger and financial strain amongst the University staff and students
3. Establish a set of policies for partnerships that can guide the SCSU Food Centre into partnerships that benefit the Food Centre so that it can grow as a food provision and advocacy service against hunger on post-secondary campuses
