Khoury speaks about the trip to Stratford to go watch Hamlet.

James states that if clubs want to be part of orientation, the deadline to join is August 4th.

Konstantopoulos inquires about DSA funding and asks to look into buying a coffee machine and whether the event expenses covers this purchase.

Dionisio responds that Konstantopoulos can apply for DSA funding, and reminds her about the policy that academic events for DSA have priority over other applications.

Galindez follows up that committee approval is required to obtain funding for the coffee machine.

Rajabi states that if clubs want a table at orientation, they should email her. Rajabi requests that she is contacted if you know a student who wants to perform at orientation.

Galindez states that the Geology department, International Development Studies and Political Studies Department has a new program advisor.

Dionisio reminds that she sent two emails regarding committee membership in the CAO Forum, and the other for the Student Academic Forum. Dionisio reminds the Board that these are committees for the executives to sit on to meet with upper admin, specifically the CAO and Dean of Academics, to discuss issues with the two portfolios. Dionisio reminds the Board that if the directors do not fill these positions, then the positions will open up to the student body.
Hill inquires about the responsibilities of the role.

Dionisio responds that the CAO Forum is a committee that meets with students and deals with the operations portfolio of the university. Dionisio explains that the responsibilities of this position include attending meetings, giving input and raising any issues that should be resolves. In contrast, the Student Academic Forum is a similar role but deals with academics.

Konstantopoulos inquires whether board members are eligible to be on both committees.

Dionisio replies in affirmative.

Hill asks whether positions on both boards are still open.

Dionisio responds that both positions are still vacant and both committees are still accepting applications. Dionisio states that she is on both committees and gives the alternative of voicing concerns to members of the either committee should a director want an issue to be addressed.

James responds that any artistic forms of expression are acceptable, such as singers, dancers and poets.

Nami asks about the current procedure for key sign out for DSAs.

Galindez explains that the current procedure only allows executives to sign out the key. A Google Document records who signed out the key, what association they are with, when the key was signed out and when it was returned. However, a new system is under consideration and the locks are going to change.

Nami asks why the locks need to be changed.

Galindez responds that the key is missing.

Nami asks why the Mental Health Campaign was not listed on the retreat, and whether it was open to have a direction.
