SCSU ANNUAL GENERAL MEETING 2016
Dear members,

Welcome to the Scarborough Campus Students' Union (SCSU) Annual General meeting! This is a very exciting time of year, where we get to engage with you, our membership about the work that we have done with you and for you.

Over the years, the SCSU has worked diligently to bring you a diverse range of programming to engage our membership. Whether it be through our events, campaigns, social justice initiatives, or our members-only cost saving services; we hope to meaningfully support our members both in the classroom and in the community. Through the combined effort of our 12,000 students, we have been able to make a lot of positive strides in the student realm.

Working together works! Through our combined efforts we have won a fall reading week, gotten more study space, made it easier for students to pay their tuition, and have developed physical safe space for Racialized and Indigenous students on campus. These accomplishments could not have happened without each and every one of our members, there is strength in numbers! However, a better campus is a continuum and requires constant attention. We still face many barriers both on and off campus that still need to be addressed, and who better to address them than the future; students.

We, along with students across the province have been fighting for a more affordable education, recognizing that Ontario still pays the highest tuition fees in all of Canada. Enough is enough! Tuition fees have grown to become an epidemic, and we must, have, and will continue to stand together and fight the fees!

United with over 500,000 members across the country through the Canadian Federation of Students. We are actively working together to create a university atmosphere that is more accessible and affordable for people all over the country. This fight is everybody’s battle to make sure people from all walks of life have access to high-quality education. A united voice has the capacity to create amazing things.

This is your student movement, and we can achieve so much by standing together! We have achieved several victories, but much work still needs to be done.

Best Regards,
SCSU Executive Team

SCSU ANNUAL GENERAL MEETING

EQUITY STATEMENT

THIS PACKAGE HAS BEEN PRINTED ON 100% POST CONSUMER RECYCLED PAPER
The following statement shall be read aloud during the opening address of all meetings and events held by the Scarborough Campus Students’ Union:

1. **EQUITY STATEMENT**

As members of the Scarborough Campus Students’ Union, mutual respect, cooperation and understanding are our goals. We shall neither condone nor tolerate behaviour that undermines the dignity or self-esteem of any individual or creates an intimidating, hostile or offensive environment.

It is our collective responsibility to create a space that is inclusive and welcomes discussion. Any form of discrimination and harassment will not be tolerated. Hate speech rooted in, but not limited to, anti-Muslim, anti-Semitic, sexist, racist, classist, ableist, homophobic, or transphobic sentiments and/or remarks will also not be tolerated. We all have an obligation to ensure that an open and inclusive space, free of hate is established. Any behaviour that does not demonstrate an understanding of these principles and/or creates an unsafe atmosphere will not be tolerated.

2. **ACKNOWLEDGEMENT OF LAND**

We work towards ending systematic and institutional violence, by including Indigenous people in our collective decision making for social justice and equity. As settlers in Canada we have directly benefited from colonization and genocide of Indigenous people of this land. In order to engage in resistance and solidarity against injustices inflicted on Indigenous people, it is imperative we constantly engage in acts of decolonization. The first thing is to acknowledge that we are on the traditional territory of the treaty of the dish with one spoon, the Anishinaabe of which the Mississauga of New Credit peoples are a part of, and the Haudenaasaneee, the people of this tradition territory. I would also like to pay my respect to their elders past and present, and to any who may be here with us today, physically, mentally, emotionally, and spiritually.

SERVICES

Dionisio speaks on STUDENT CENTRE: Campus Express closed its doors on December 13th and INS Markets took over on the 16th. Campus Express was not interested in renewing their lease as a part of a longstanding strategy to wind-down its Campus Express operations. Campus Express provided a suitable incoming vendor (INS) to take over
the space. Over the Winter break, annual maintenance was conducted. As part of the PanAm Centre referendum, SCSU was given a kiosk to run operations in the PanAm. Operational setbacks have delayed us from opening the kiosk this term, however, we are looking to reopen in January.

Dionisio speaks on **REX’S DEN**: We worked hard over the last year to improve services and marketing. Rex’s Den launched an Instagram account (@therexsden) and hired two Rex’s Den Coordinators. To increase visibility, a monitor was placed at the top entry of the stairs and a new decal was also placed on the patio-side window. Rex’s was renovated with new lighting, two arcade machines, renovated floors, HD TV’s, new booths, upgraded table and couch and chair bottoms to prevent scratching, new host station, and new Date Night and 5-for-5 menu. Artwork, a 60” TV with surround sound and a HD projector were installed. Accessible menus are also now available upon request. Rex’s also hosted many events last year, and currently, we are investigating the feasibility of online orders for students running from class to class and don’t have time for a sit-down meal. We are also looking into expanding the seating area at Rex’s. Due to popular demand, Rex’s pool tables were made free as of September. We have also revamped the booking process to increase ease of access and transparency for clubs and DSA’s looking for space or catering from Rex’s Den.

Dionisio speaks on **STUDENT JOBS**: The SCSU is committed to offering students meaningful experiences that provide opportunities for growth. In response to a desire expressed by students during the elections, we have increased wages to better reflect the work of our student positions, and increased funds to make more positions available. This has been reflected in an increase in student associates, as well as plans to hire more student coordinators for the winter term.

Dionisio speaks on **KFC EXPRESS**: We have finally been able to get in contact with YUM! Brands, the owners of KFC, to bring new menu boards and items to the KFC menu.

Dionisio speaks on **SCSU INCOME TAX CLINIC**: SCSU hosts an annual tax clinic to aid students in filing their taxes. Last year, we secured sponsorship of $1000 from the CPA.

Dionisio speaks on **MICROWAVES**: We ran into some issues this year with microwaves breaking down. Due to the high usage, the microwaves often do not live their whole lifespan and need to be replaced. We worked diligently to order replacement microwaves as well as adding additional ones in high traffic areas throughout the school.

Dionisio speaks on **COMPOSTING IN THE STUDENT CENTRE**: Many conversations were had between executives last year and the Sustainability Office/Facilities to bring composting to the Student Centre as a means to encourage front end waste diversion. The composting bins are located in the food court beside the stairs.

Dionisio speaks on **SCSU MEETING ROOMS**: As per a motion passed at the 2014 AGM; all meeting rooms in the student centre have been opened as 24-hour study space. We are looking into better regulation, specifically, regulation of the space on weekends where clubs may be liable for any damages that occur in the rooms. The TV Lounge, SL-222 and SL-219 have now been upgraded with AV equipment for the use of student organizations. All rooms were also freshened up with new paint.

Dionisio speaks on **HEALTH AND DENTAL PLAN**: A request for proposal was put out this year for a new provider, effectively ending our relationship with Student Care, and moving over to Greenshield. We are still ironing out the kinks, but this is to be expected with a transition to a new provider. With Greenshield, we were able to negotiate better coverage for students, including 100% coverage of IUDs, as requested by students last year.

Dionisio speaks on **HOT WATER MACHINE**: As passed at the last AGM; we have finally been able to install the hot water machine. It is located beside the microwave in the Student Centre next to Hero Burger.

Dionisio speaks on **SCSU WEBSITE**: The website layout was changed and was made mobile compatible, while meet-
ing AODA standards. We are currently in the process of re-organizing the website and updating the information for easier access.

Dionisio speaks on NEW SERVICES: New services have been added: bookable cash boxes, popcorn and cotton candy machines, clubs printing/photocopying, 3D Cineplex passes, TTC Day passes, Wild Water Kingdom, Yuk Yuk’s, Toronto FC, Maple Leafs, Campus Homestay, Charging Stations in the SC, and more recently, Breakout Room group tickets.

Rajabi speaks on FOOD CENTRE PLANNING: Currently there is being research done on the feasibility of having a food centre created by SCSU. The Food centre would help our members who struggle to make ends meet have access to food. It will also encourage healthy eating by incorporating a good food box program and seed library.

Galindez speaks on SCSU BOOK EXCHANGE: To create a more sustainable service; the VP AUA has transferred the SCSU bi-annual book giveaway into a book exchange program. Students now receive “credits” for each of the books they exchange. Books are rated according to a specific scale to ensure that the exchanges are as fair as possible. In the case that students are unable to take a book because there is no book available to them, their credits are reserved for them to use at the next book exchange period. We will hold book exchange blitzes’ at the start of each semester but students are still able to donate all year around and this goes for picking up books as well. All students who have used the service so far have been saved in a student database to ensure that their credits are saved.

Galindez speaks on INCLUSIVE TEACHING SUPPLEMENTARY DOCUMENT: From previous conversations around the academic handbook and equity statement in the syllabus, and upon passing the motion on curriculum development at the SCSU AGM, we have been looking to other strategies to address issues of inclusive teaching practices. Together with the Equity and Diversity Office, AccessAbility Services, DSL, and the Dean’s Office, we will be looking to draft a supplementary document to the academic handbook to advise faculty in their teaching practices. To be a part of this initiative, please contact academics@scsu.ca

Galindez speaks on PETITIONS AND APPEALS HANDBOOK: The VP Academics and University Affairs and VP AUA associate have been working to put together a petitions and appeals guide to assist students in filing and formulating petitions, as well as informing students of the appeals process. Please contact academics@scsu.ca for more information.

Galindez speaks on DOWNTOWN LEGAL SERVICES: Over the summer term, VP AUA and the President met with Sam Greene, a member of the DLS Student Executive team 2015/2016. The purpose of this meeting was to improve communication methods between the two organizations. As members of the SCSU, students have the right to access this free resource. Operated by the Faculty of Law at U of T, DLS is a free legal clinic available to students to use. They are able to help with a number of different legal cases including tenant cases, criminal law cases, family law cases, and representation for academic offences. However, it is important to note that they are unable to provide help for civil cases. As DLS receives a levy from members of the SCSU for their services, it is important that students are aware and able to use this important resource available to them. If you would like more information, feel free to contact VP AUA at academics@scsu.ca

CAMPAIGNS & ADVOCACY

Dionisio speaks on LOBBY DOCUMENT: The SCSU executives meet with upper admin of UTSC at the beginning of the summer, along with individual meetings throughout the year. We took a different approach this year and for the first time, compiled a lobby document with a list of demands for the University. As expected, responses have been mixed, with administration remaining, for the most part, very diplomatic. We have been able to make some strides with the sexual assault policy and the centralized resource directory. All other issues were often deflected as “problems meant for central (administration)”. However, we know that all support matters, and continue to bring these issues up in our meetings. This is in addition to the issues we commonly bring up at several admin sub-committees such as study space, parking, and food.
Dionisio speaks on **COUNCIL ON STUDENT SERVICES**: This is the only administrative body where students have the majority seats and voting powers. Students at this body discuss how services can be improved at Health and Wellness, Athletics, and the Academic Advising and Career Centre. For the first time in SCSU history, students voted down all ancillary fee increases in fundamental opposition to skyrocketing tuition fees.

Dionisio speaks on **HANDBOOK COMPETITION**: To create more engagement in the Handbook compilation process, the SCSU put out a competition for students to create their own handbook covers. Students voted the best cover on Facebook and the winner received a grand prize.

Dionisio speaks on **MEMBERSHIP LISTSERV**: After years of lobbying; SCSU has finally been able to gain access to our membership list. This is one step towards more transparency and engagement with our members. We are now better able to communicate important dates and meetings to students such as this one.

Rajabi speaks on **DEMOCRACY TALKS**: On November 13 SCSU and PSSA partnered to bring Democracy Talks which allowed for a non-partisan discussion among students regarding issues we face in our communities. We partnered with PSEPLA who will be bringing these concerns to the appropriate level of government.

Rajabi speaks on **SCSU/PSSA MEETING WITH TRACY MCCHARLES, MPP PICKERING-SCARBOROUGH EAST**: On February 13, 2015, the VP AUA with executives/members of PSSA met with MPP Tracy McCharles to discuss the high costs of tuition fees, and their relation to transit, co-op fees, ancillary fees etc. We had fruitful conversation and laid out some solutions for these issues, which will be sent to the Minister of Finance, as it is currently time for pre-budget consultations.

Rajabi speaks on **CANADIAN FEDERATION OF STUDENTS**: SCSU is a part of the Canadian Federation of Students which democratically unites 600,000 students across the nation, working to provide students with an effective and united voice, provincially and nationally. SCSU (Local 99) has participated in numerous provincial and national general meetings to set goals, collaborate, coordinate and learn with student unions across the country. Training was also provided to executives and board members through a Skills Symposium that happened for the first time on the UTSC campus. Executives also took part in a coordinated provincial lobby week to discuss tuition fees, OHIP for international students, sexual assault policy, and student union autonomy to MPPs in March.

Rajabi speaks on **TTCRIDERS**: TTCriders is a grassroots transit advocacy organization that gives Torontonians who use the TTC a voice. SCSU and TTCriders have worked and will continue to work together to improve transit in Scarborough. Currently we are advocating for a Rapid Transit Network that would improve bus service and build a rapid transit network in Scarborough.

Kirk speaks on **JOBS, JUSTICE, CLIMATE ACTION**: VP External, Equity, the President of SCSU and a few other UTSC students were actively involved in demanding environmental justice through a series of actions organized in early July. Actions were rooted in the demand that politicians across the country make a commitment to freeze tar sands expansion and support a just transition to a clean economy.

Rajabi speaks on **STUDENTS FIRST MEETING**: Students First is a coalition of student organizers from across UofT, this group emerged from the work of student organizing in solidarity with the TA Strikes in the past year at UofT.

Rajabi speaks on **CUPE 3902 RALLY**: The VP External and VP Equity attended a demonstration hosted by CUPE 3902 Women’s Caucus against gendered violence. The rally was about the importance of speaking out against gendered violence and in favour of safe work places! This was a response to the recent threats made against women in the sociology and women & gender studies courses and feminists on campus.

Rajabi speaks on **ASSOCIATION OF PART TIME STUDENTS**: The Association of Part-time Undergraduate Students at the University of Toronto (APUS) represents over 6000 fall/winter and 12,000 summer part-time students across all
three campuses of the University of Toronto. APUS endeavours to ensure that the rights of all part-time students are respected, provide cost-saving services, programs and events, and represent the voices of part-time undergraduate students. The VP external is a voting member on the Association of Part Time Undergraduate Students, and attended the APUS board retreat. The importance of outreach and representation of UTSC students was stressed as an APUS priority.

Rajabi speaks on HART HOUSE: VP External is a voting member of the Hart House Board of Stewards. The Board of Stewards is Hart House’s highest governing body and oversees the affairs of the House in concert with the Warden. VP External is currently working with the Warden of Hart House, John Monahan to improve Hart House presence and access to UTSC students.

Rajabi speaks on TRANSIT WORKING GROUP: The Transit Working Group was struck as a committee of the Campaigns and Equity Commission. The aim of the Transit Working Group is to improve transit on campus in a united grassroots effort. It includes working to improve YRT, TTC, Go, Durham service and any other transit systems and concerns that students have. On September 21st VP External attended the Transit Symposium held by Student Move T.O. to discuss transportation issues facing students in the GTHA.

Galindez speaks on STUDY SPACE: Study Space Working Group Struck November 2014 to help with the planning of Highland Hall, this committee includes members from administration and aims to ensure that study space is a priority in campus planning. In September, the group met to discuss a school-wide study space survey. The purpose of the survey is to help with the planning of study space in Highland Hall but there is hope that this practice will continue in future years to ensure that study space continues to be a priority in campus development and planning. The university will administer this survey across the campus to better understand how students are using study space.

Galindez speaks on STUDY SPACE-SUBCOMMITTEE: The first meeting was November 27.

Galindez speaks on #SavetheRspace CAMPAIGN: Following news from the SCSU’s November 18 Student Space sub-committee meeting, several recreational and faith-based groups have mobilized on campus to #savetheRspace. We will be meeting with the CAO on Friday, February 6 to discuss the issue. Please contact academics@scsu.ca if you would like to get involved.

Galindez speaks on SCSU SPACE SURVEY: The SCSU has transferred their study space survey to an online source. This allows for the continuous collection of study space data from students. With the continuous collection of information, it will allow executives to have insight into current study space.

Galindez takes a break to receive feedback Kadhem, who speaks on accessibility needs. Kadhem speaks on improving study space for all students, in particular, for accessibility students. She states that UTSG has study space with technology and equipment specifically made for wheelchair access and help with disability to increase comfort and increase students with disabilities to study at school.

Galindez speaks on the advocate advocacy initiative called a Book of Narratives that will be presented to the administration. Galindez offers Kadhem the opportunity to be part of the initiative. Galindez mentions multiple different campaigns for study space including the Save the R-Space campaign. Galindez encourages students to fill in the survey to state their opinions on the need for the multi-use recreational space. The study space feedback survey is on SCSU website. Galindez discussed the need for more plugs with administration that stated that as of now, nothing could be done due to retroactive fit. However, as SCSU continues to be renovated, the planners will try to incorporate more plugs in the design plans.

Galindez speaks on GET HEARD: PROGRAM ACCESSIBILITY CAMPAIGN: The DSA Councils have focused on the development of the program accessibility campaign, passed at the most recent SCSU AGM. Together, we have been working to develop a survey and campaign timeline. DSA’s have been organizing academic concerns nights to inform a supplementary report to this data collection. For more information, you may contact academics@scsu.ca
regarding this campaign or to be connected to your respective DSA.

Galindez speaks on **ACADEMIC ADVOCACY “BARRIERS TO EDUCATION”**: VP AUA is launching two academic advocacy sessions this school year. The purpose of this is to increase awareness towards academic advocacy initiatives. The fall academic advocacy session is dedicated to help provide students the tools they need to break down barriers to education. We are also working to bring awareness to the barriers affecting students such as race, sexuality, culture, religion, different abilities, and more to bring the understanding that there are systemic issues that make being a student difficult.

Galindez speaks on **ALUMNI DEVELOPMENT OFFICE**: The VP AUA has been meeting with the Alumni Development Office to discuss events they host available to undergraduate students. Building networks and connections are especially important in today’s society. As alumni understand the transition between the university into the industry and working environment, it is important to utilize it. Building networks are also difficult in immigration communities, therefore utilizing this resource and developing the connection for students is key. Programs we have opened up to undergraduate students include the Time Auction. The Time Auction allowed undergraduate students to make bids towards selected UTSC Alumni for a day of networking and mentoring using their volunteer hours as their credits.

Galindez speaks on **COURSE EVALUATIONS**: This is a University-distributed survey to collect data on student input in the classroom. It is the number one source that helps decide what improvements need to be made in teaching practices and syllabus structure. Course evaluations have been transitioned from paper to online surveys, resulting in lower response rates from students, and thus giving the University less feedback to work with in improving the academic experience from year to year. It has been brought to the attention of the SCSU that there is not enough information about the purpose of course evaluations. Not only are course evaluations used by professors but they are provided to the chairs of the respective departments as well as the Vice-Dean’s office. Course evaluations are used for tenure and promotion processes for professors. They also provide chairs and administration with markers for improvement in courses.

### DEPARTMENTAL STUDENT ASSOCIATIONS

Galindez speaks on **DEPARTMENTAL STUDENT ASSOCIATIONS**: One-on-Ones VP AUA met with each of the DSAs for a one-on-one during the summer term. MOTION Moved: Dionisio Seconded: Ball

Whereas the Vice President Operations is responsible for creation of the budget and the services administered by the SCSU; and

Whereas access to cost-saving services is of vital importance to our membership; and

Whereas the membership currently has few avenues to guide the operational work of the SCSU;

Be it resolved that Bylaw-V Section 1 be amended to remove the non-voting status of the Vice-President, Operations; and

Be it further resolved that Bylaw-VI Section 5 be amended to read “one appointed Executive”.

Mohan asks for clarification on whether or not the person chosen for VP of Operations through voting.

The Chair responds that the current motion is proposing to change the current hired position to a voted position. Dionisio adds that the change is moving the VP of Operations to ex-officio status.

Konstantopoulos asks if the motion were to be passed, what measures would be taken to ensure that the VP of Operations had the specific training required for this position.

Dionisio explains the structure of that SCSU implements has full-time staff who advise the President and the VP of
Operations on finances. Thus, the individual who is chosen as VP of Operations does not need a strong financial background. However, this individual should be able to engage with students.

Mohan makes a point of information to clarify the responsibilities of the VP of Operations.

The Chair responds by reading the responsibilities of the VP of Operations as stated in the By-Laws. Ball asks how this motion to change VP of Operations from a hired to elected position would increase accountability. Dionisio responds that the democratic election process requires a platform, which would allow students to choose the VP of Operations based on which platform they prefer.

Hill remarks that there is currently no VP of Operations, and asks when the next VP of Operations would be elected. She asks if the motion fails, what the next steps would be for the current term, and whether a new VP of Operations be hired.

The Chair responds that the motion will not affect the current VP of Operations term.

Dionisio responds that a new VP of Operations would not be hired for the remainder of the year.

Huynh asks if the VP of Operations was dismissed and why a new VP of Operations will not be hired.

The Chair responds that this question is better suited for the Executive Report. The Chair reminds the students that motion is about changing the by-laws.

Rizzi debates against the motion. Rizzi argues that the VP of Operations has access to all financial records to present budgets to the Board of Directors, thus the VP of Operations should have financial and organizational experience.

Mohan asks whether it is feasible for the VP of Operations to be without training in finances and management. Mohan remarks that the VP of Operations should have experience.

Kirk speaks in favor of the motion. Kirk reiterates that there is plenty of staff support for financials such as the Operations Co-ordinator. Kirk explains that the level of staff support alleviates the concerns expressed. Kirk adds that in other Board of Directors, the VP of Operations is an elected position.

Bakht remarks that it could be messy if it comes to a vote. Bakht feels that students need to be educated about the responsibilities of the VP of Operations.

Konstantopoulos makes a point of information and asks Bakht meant by his statement, “there was not a good voting turnout”.

The Chair responds that Bakht was referring to the election turnout.

Bakht clarifies who is voting for the VP of Operations.

The Chair responds that the VP of Operations is elected by the general membership.

Bakht asks about measures that can be taken to prevent corruption.

Athill makes a point of clarification about the purpose of this motion.

The Chair responds that this motion will change the process of hiring a VP of Operations. If this motion were to pass, the VP of Operations would be elected during the general elections in addition to the executive candidates.
Athill makes a point of information that this motion have nothing to do with the current team, it has to do with the students.

Ball comments that the turnout for the SCSU elections is low. Ball states that the election of the VP of Operations is a good idea but should be paired with new initiatives to engage the student body.

Nelson states that the budget from the previous year was balanced because the VP of Operations knew Finances and Management. Nelson asks how an elected VP of Operations will know how to balance the budget if they are not familiar with Finances and Management. Nelson adds that this background knowledge contributed to their accountability.

13. Motion for Racialized Student Collective

MOTION                            Moved: Mohamed                        Seconded: Madrazo
Whereas Racialized and Indigenous students need safe space on campus to discuss issues of race and intersecting systems of oppression

Whereas connecting struggles amongst racially marginalized identities is an important component to building solidarity

Whereas an anti-racism subcommittee has been struck at the Campaign and Equity Commission two years consecu-
tively, demonstrating the need for collective organizing space

Whereas the Scarborough Campus Students’ Union is mandated to advocate for anti-racism policy

Be it resolved that the Racialized Student Collective exist as an official equity service centre under the Scarborough Campus Students’ Union; and

Be it further resolved that the Racialized Student Collective act as a support system for students, and those student groups engaged with anti-racist and anti-colonial work on campus; and

Be it further resolved that the Collective organize events and campaigns specifically geared toward challenging racism and its intersecting systems of oppression; and

Be it further resolved that the Racialized Student Collective have its own Equity Service Centre, which could be used as organizing space, decompression space, safe space, meeting space, or lounge space; and

Be it further resolved that the Racialized Student Collective’s Equity Service Centre be located in SL 210B

Madrazo speaks in favor of the motion because there are people who belong to certain backgrounds who are targets of hate crimes. Madrazo remarks that the need for an Equity Service Centre is similar to the need for the Womyn and Trans* Center to access special resources specific to their needs. Madrazo states that UTSC is a diverse campus, thus there is a need for Equity Service Centre because many individuals would benefit from this service.

Mohan agrees with Madrazo and questions when the services will be available. Mohan questions whether the Equity Service Centre will promote inclusivity.

Hossain replies to Mohan and states that spaces exist for students to gather, similar to the Womyn and Trans* Center. The Equity Service Centre would promote inclusivity in a place where students can feel safe and adds that in light of recent events, the needs of students need to be addressed on our campus. Hossain strongly supports this motion and adds that these spaces are not exclusive.

Fakhrashrafi is in favor of the motion and states that the Equity Service Centre should be available to support minorities. Fakhrashrafi states that the institution does not support systemically marginalized persons. Fakhrashrafi states that it is important for students to create safer spaces on campus, if we have the capacity to do it.

Bakht remarks that there is an issue of inactivity of the room and asks about ways to keep the space active because there is a potential loss of space.

The Chair responds that the space is currently not in use.

Rajabi states that UTSC is a diverse campus and the institution does not provide the necessary tools for racialized students and victimized students. Rajabi states that this space is important to address the issues and notes that the Womyn and Trans* Center is student driven.

Hill is in favor of the motion. Hill states that the guidelines, rules and regulations are made after the motion is passed and should center on indigenous narratives.

Wood asks if the space will be located in 201B and remarks that this is currently an underutilized space.

Ball attests to the success of these spaces. Ball states that she an active member of SC: OUT and the Womyn and Trans* Center, which are inclusive spaces that allow students to discuss issues, make friends and integrate into the
UTSC community. Ball adds that these are safe spaces and opportunities to learn more about diversity and integration.

Huynh expresses support of the principle and expresses some concerns. Huynh wants to know the rules and regulations and states that the lack of information and possibility to excluding Caucasian students could cause further racial division.

After a lengthy discussion, Gonzales motions to Call the Question.

Gonzales motions to end the lengthy debate and go to a vote.

The discussion continues.

James is in favor of this motion because students who are racialized have a need for this space. UTSC is predominantly composed of racialized students who are entering the new environment of post-secondary school and need to feel comfortable, they need a space to enter where they can feel welcome and get the help they require. James speaks from her own experience, she found a mentor with a similar racial identity who provided guidance and support.

James hopes that this space can provide the same opportunity for other students.

Aziz states that this space is very important because there is so much happening in the world right now and it is important to encourage peer discussion. Aziz remarks that this space is meant to create connections on a personal level to promote a healthy, inclusive atmosphere to increase awareness, and this space is not meant to be exclusive.

Madrazo states that he works at the Equity and Diversity office and most of the feedback received is that people feel unsafe in the Womyn and Trans* Centre. There are mechanisms in place to report instances such as discrimination and harassment, however, some students feel intimidated by the bureaucracy. Madrazo states that there is a need for student led student spaces for students by students. Madrazo clarifies that this space is meant to bring light to the issues that are underrepresented. Madrazo reiterates that this space is not meant to be exclusionary. Madrazo clarifies the issue of the Caucasian exclusion incident that was being referenced may have been taken out of context. Madrazo states that the student, who happened to be Caucasian, was harassing students in a certain space. However, the student was not kicked out due to their race, the person was kicked out because of their inappropriate, borderline violent behavior.

Mohammad states that he is the VP of MSA and he believes that there is a need for these types of spaces because there are people of color who come from different faiths and they need someone of their faith of to discuss these issues of discrimination. Mohammad states that just as there is a Womyn and Trans* Centre it is also important to have spaces for indigenous and racialized people.

Rizzi asks to make a few clarifications, specifically, logistical concerns. For instance, what is meant by the phrase “create student collective”, also where are the resources coming from (SCSU or volunteer based), is SL210B currently in use and is this space open to be booked by students.

Mohan suggests to makes a general space for all people, which would get people from different cultures to interact with each other.
Galindez states that she is in favor of this motion. Galindez shares her personal experience and struggles as a first year and states that joining racialized collective student unions provided her with peer-to-peer support, a network of peer support, and resources to help her succeed.

14. **Motion for Improved Multi-faith Space and Scheduling**

**MOTION**
- Moved: MacDonald
- Seconded: Bakht

Whereas the multi-faith rooms are important components of the Student Centre, and are safe spaces for students to engage in various faith-based practices

Whereas the SCSU hosted a multi-faith meeting where those who frequent the multi-faith rooms could discuss what they liked about the space and what they thought needed improvement.

Whereas the multi-faith space on campus does not provide a space that is conducive to prayer or meditation due to the physicality of the space as well as the excessive noise in the hallway outside the space.

Whereas rather than simply ad hoc meetings for faith-based groups, the multi-faith spaces are often booked regular programming.

Whereas the booking procedure for the multi-faith space is inadequate for those who use the space for regular programming.

Be it resolved that the SCSU looks into providing funding to renovate the multi-faith space; for example painting the walls, installing hooks upon which posters can be hung, and providing better matts for prayer and meditation.

Be it resolved that the SCSU looks into providing a sign for the multi-faith space that diminishes noise issues.

Be it resolved that the SCSU have space made available in the closet in SL-279, so that different faith-based groups have room to store their mats, posters, etc.

Be it resolved that the SCSU look into changing the booking procedure for those who use the multi-faith space for regular programming. This change should look like a meeting at the end of every semester wherein all those who use the multi-faith space for such programming meet and book the space for their programming for the entire following semester.

Bakht approves of the motion and states that there should be more services because there are people of different
faiths at UTSC.

Kirk speaks in favor of this motion. Kirk states that these were recommendations put forth after good discussions at the multi-faith meeting. Kirk adds that these individuals are the people use the space most frequently and know what works best for their needs. Kirk adds that often programming for the multi-faith spaces are on a semester basis, which is a stressful booking process because many of students are relying on these safe, multi-faith spaces to pursue their faith-based practices. Kirk states that by approving this motion this will shape the multi-faith space in a way that is conducive for those who use this space most frequently.

Rizzi is in favor of the motion, and recommends a clause for an advertisement for the room booking meeting that occurs at the beginning of the semester.

Rizzi asks to make an amendment.

15. Motion to Condemn TPP

MOTION                Moved: Rajabi     Seconded: Bakht
Whereas the Trans Pacific Partnership (TTP) is a trade partnership embarked on by a 12 country trading block, riddled with undemocratic regulations and non-transparent processes, undermining Canada’s manufacturing industry, Agricultural production, access to medicines and creating barriers to on-line mobility;

Whereas the TPP excessively extends monopolies for pharmaceutical companies through abusive intellectual property rights.

Whereas the TPP will have grave consequences for patients by limiting access to affordable prescription drugs, as a result of extending monopolies of pharmaceutical company interests.

Whereas the TPP poses serious challenges to issues of academic integrity through copyright legislation, as students currently rely on various on-line mediums utilized in popular culture to provide an analysis of systemic barriers and how oppression manifests itself;

Whereas Canada’s current copyright laws allow for wider non-commercial use of copyrighted content than other TPP countries;

Whereas the TPP poses the threat of transnational copyright legislation, through the erosion of civil liberties and make people liable for criminal or civil penalties;

Whereas the TPP is highly entrenched with structural adjustment programs (SAPs) that will erode Canada’s agricultural sector and automobile manufacturing industry;
Whereas the TPP grants new access for the 12 member countries to all the import of dairy production further exposing domestic production to job loss and the increased consumption of GMOs in order to maintain lower costs in food production;

Whereas the SCSU endorses the campaign in support of Students & Workers United and the TPP diminishes the rights of auto and agricultural workers’ within Canada and around the world to be able to maintain job security;

Therefore Be It Resolved that the membership direct the SCSU to mobilize a campaign to unravel the grave realities imbedded in the TPP through the Campaigns and Equity Commission; and

Be It Further Resolved that the SCSU deliver a letter expressing the dire concerns that students have regarding the social, economic and political impact that the TPP can have for the Canadian Economy to our Local MP.

Be it Further Resolved that the SCSU collaborate with national campaigns to challenge the grave socio-economic setbacks brought forth by the TPP by Civic and Labour Organizations.

Xie supports the motion. Xie claims that there is a lack of transparency and it is harder to access information, which hinders research. Xie requests to make an amendment to condemn the TPP. Xie requests that the SCSU stand and support other unions who are against the TPP, raise awareness of this issue to the MP and increase awareness of the negative implications of the TPP.

Huynh is against the proposal. Huynh states his dislike of the phrasing of the word “monopolies”. Huynh claims that the phrasing appears deceptive and inaccurate.

The Chair states that the students are not approving “Whereas” clauses, the students are approving the “Be it resolved” clauses.

Huynh states that there is a special clause in the TPP to reduce the cost of prescription drugs by buying in bulk, so even if they is a rise of prices it will not be as catastrophic. Huynh states that issues with academic integrity are questionable if it will be enforced. Huynh states that the difficulty of passing this motion is that that most people present here have not read the TPP, which is a long document.

Ball supports the motion and recommends expressing the concerns to the government. Ball states that it is more effective to send the letter to a member of Parliament. Ball recommends sending a letter to the MPP, PM, etc.

Mohan asks how this issue concerns the SCSU and claims that the motions do not pertain to the SCSU or the students of Scarborough. Mohan states that the motions should be more relevant to student’s life. Mohan states that the SCSU should not be used as a social justice platform.

Rizzi recognizes that the TPP is a complicated document and questions whether the resources that are going towards this motion should go towards other issues that are more relevant to students to help students in a more direct way.

Baig supports the motion. Baig states that the TPP gives corporations too much power and further takes away power form political bodies and gives it to corporations.

Torabi asks for clarifications on what would be done with the information that is received from unraveling the grave realities imbedded in the TPP. Torabi questions whether it would be better to use marketing campaign to reveal the situation to the students.

Rajabi respectively disagrees with the opinion that this motion is not in the mandate of the SCSU. Rajabi states that
anything that affects the students is within the mandate of the SCSU. Rajabi states that the SCSU democratically represents the students and the issues that students brings up. Rajabi states that there are students who feel that unions should do this work and oppose the TPP. Rajabi states that corporations could sue a country for not making enough money, which is a problematic system. Rajabi states that this took a lot of time to put this together and this issue affects too much of the population for it not to be unraveled. Rajabi adds that just because it took a long time to unravel, does not mean that is wrong. Rajabi responds to a previous question regarding the information that would be unravelled, which would be discussed with whoever is willing to join the campaign. Rajabi states that the campaign can be discussed and put into action in many different ways. Rajabi states that if the motion passes, she would be striking a working committee within the campaigns and equality commission, and whoever joins that commission can help decide the direction of the campaign.

After a lengthy discussion, Sidiq asks for clarification on how to put a limit on the number of questions asked during the discussion of a motion.

The Chair states that according to Robert's Rules of Order, an individual can only speak twice to any motion. The Chair mentions that there a 5 minute limit for any speaker. The Chair explains the process of moving a motion to limit the number of speakers, although there is no cap currently.

This allows students to comment uoft.me/dish to speak about their food experiences as well as offer suggestions for improvement. Vendors also have a responsibility to respond to complaints. Students who wish to come to the Food User Committee are invited to reach out to operations@scsu.ca.

In August 2016, SCSU launched an app called SCSUuoft. The purpose of the app is to ensure students are up to date on the various campaigns, events and services that the SCSU has to offer. Some of the app’s features include a campus map, campus wall, GPA calculator, daily planner, transit planner and a directory of the various student organizations on campus. UTSC student organizations that are interested in having their information displayed in the app are encouraged to contact president@scsu.ca http://www.scsu.ca/appinfoapp/.
EXECUTIVE REPORT
CAMPAIGNS & ADVOCACY

Lobby Document
The SCSU executives typically meet with upper admin of UTSC at the beginning of the Summer, along with individual meetings throughout the year. Continuing the approach with the approach taken in Summer 2015, we compiled a lobby document with a list of demands for the University. This included the implementation of some of the Calls to Action from the Truth and Reconciliation Commission Report, mandatory equity training for staff and faculty, more student space, prioritizing student bookings in TPASC, transit issues, a laptop policy, and an equity breadth requirement. Many of their responses were either constructive or positive – mostly due to the ways in which our solutions were presented. Regardless of the strategies taken to address student concerns, SCSU will continue to prioritize student issues and advocate for our members in all administrative spaces.

Council on Student Services
CSS is the only administrative body where students have the majority seats and voting powers. Students at this body discuss how services can be improved at Health and Wellness, Athletics, and the Academic Advising and Career Centre at the Scarborough Campus. In 2015-2016 cycle, students addressed issues non-cultural sensitivity at Health & Wellness Centre, as well as concerns with the process of budget increases through CSS. If you would like to have your concerns voiced at the Council on Student Services, feel free to reach out to president@scsu.ca.

VICTORY – Emergency Admittance
Due to concern from Embrace Syria Subcommittee along with WUSC regarding the Syrian refugee crisis, SCSU lobbied that UTSC participate in the emergency admittance of an additional refugee student through the WUSC program. We saw a victory at the end of 2015, as the University agreed to have additional students enroll to the University for Fall 2016.

VICTORY – All-Gender Washrooms in Highland Halls
When the University consulted with the SCSU on the development plans for Highland Halls, we advocated for all-gender washrooms to be incorporated. Since then, the administration has agreed to make the necessary changes to accommodate trans* and non-binary members of the UTSC community. They have also agreed to work with SCSU, the Women & Trans* Centre and SC:OUT to create developmental standards for all future building projects, in effort to ensure that spaces are as accessible as possible.

VICTORY - Mandatory Anti-Oppression Training
Based on demands put forward by the Black Liberation Collective, as well student union advocacy across the University, the Provost Office at the University of Toronto is developing what they have called “bias awareness training”; otherwise known as anti-oppression training. The SCSU has been invited to various consultation meetings which we hope will continue to inform the ways in which these training modules are developed. The initial announcement was around mandatory training for staff and UofT Administration, but we will be using the consultations to address the importance of anti-op for faculty as well. **VICTORY – SCSUs Response to #SaveTheRSpace**  
Despite the fact that closing the R-Space was met with resistance from students through the “Save the R-Space” campaign, it still closed due to the construction of Highland Hall. Since the closure of the R-Space, dancers have had no space for practicing on the campus. The R-Space was also an area where students could study during midterms and finals. That said, after consulting with student groups and our members, SCSU has worked on two solutions. Over summer ’16, we have updated the TV Lounge to have frosted windows and large mirrors for dance groups. We have also ensured that the University support the costs of the operation. Further, we’ve continued to lobby for easier booking access to TPASC for student groups, along with more study space around campus and in TPASC.

**VICTORY – Truth & Reconciliation Commission**  
Similar to the recommendations presented to the UTSC administration in SCSU’s Lobby Document presented in July 2016, the University has begun to look in to all departments to investigate the ways in which Indigeneity can be incorporated to all areas of study. Further, an Indigenous Community Liaison position has been created as a means for UTSC to more meaningfully engage with our surrounding community. We have since furthered our lobbying efforts, working with Diane Hill, an Indigenous student at UTSC, on a submission to the University’s TRC Steering Committee.

**VICTORY – Racialized Student Collective**  
In response to a motion passed at the 2015 Annual General Meeting, SCSU hired our first Racialized Student Collective Coordinator. Located in SL 210B, The Racialized Student Collective exists as an Equity Service Centre for racialized, Black and Indigenous students on campus. Over the summer, the RSC Coordinator and the VP Equity worked with racialized, Indigenous and Black student organizers to lay the groundworks of the space, ensuring that when it officially launched, it was truly a safe and inclusive space that prioritizes the needs of Racialized, Black and Indigenous students on campus. If you want to find out more about RSC, reach out to rsc@scsu.ca!

**VICTORY – Improved 198 Frequency**  
Due to the lobbying efforts on the part of SCSU, TTC has improved the frequency of the 198 Rocket that travels to and from the Scarborough Campus and Kennedy Station. When the 198 was realized, UTSC was initially promised it would be a nonstop service between the station and the campus. We were also told the bus would run every 8 minutes. However, there have since been many changes in the bus route and its frequency. There is still much to work on to create a more accommodation transit services through the Scarborough Campus, but we are glad that our advocacy has improved the transit through UTSC.

**Canadian Federation of Students**  
SCSU is a part of the Canadian Federation of Students (CFS), which democratically unites 600,000 students across the nation, working to provide students with an effective and united voice, provincially and nationally. SCSU (Local 99) has participated in numerous provincial and national general meetings to set goals, collaborate, coordinate and learn with student unions across the
country. Training was also provided to executives and board members through a Skills Symposium that took place at the York University. Executives also took part in a coordinated provincial lobby week to discuss issues such as tuition fees, OHIP for international students, sexual assault policy, and experiential learning to Members of Provincial Parliament (MPPs) in March, 2016.

Association of Part-time Students
The Association of Part-time Undergraduate Students at the University of Toronto (APUS) represents over 6000 fall/winter and 12,000 summer part-time students across all three campuses of the University of Toronto. APUS endeavours to ensure that the rights of all part-time students are respected, provide cost-saving services, programs and events, and represent the voices of part-time undergraduate students. The VP External is a voting member on the Association of Part Time Undergraduate Students, and attended the APUS board retreat. The importance of outreach and representation of satellite students, including those from UTM and UTSC, was stressed as an APUS priority.

Fight the Fees

Education is a Right
In Winter Semester 2016, SCSU had re-launched the Education is a Right Campaign with the purpose of educating our students about tuition fees and the importance of a united student movement in achieving free post-secondary education. As a part of a provincial week of action surrounding tuition fees, the SCSU created a “Education is a Right, Not a Debt Sentence” banner that was signed by students over several weeks.

Fight the Fees
In the summer of 2016, student unions across the province came together and launched the Fight the Fees campaign to demand a more affordable and accessible post-secondary education. Since the launch of the campaign, SCSU has worked hard to educate its members through several Fight the Fees Task Force meetings, and on campus actions such as the banner drop, Fight the Fees chalk wall, and a rally at Sid Smith at the end of the Tri-Campus parade.

National Day of Action
The National Day of Action was on November 2nd where students across Canada hit the streets to advocate for affordable and accessible post-secondary education. In preparation for the National Day of Action, SCSU executives attended several Toronto Action Coalition meetings, which consisted of student union executives and staff from the Greater Toronto Area, to discuss how the national day of action will look like in the GTA. On September 16th, the University of Toronto granted Academic Amnesty for students who wish to participate in the National Day of Action. Faculty and instructors were further encouraged not to schedule tests or mid-terms and provide accommodation on this day. On the Day of Action, SCSU executives provided students with free breakfast and free transportation to the St. George campus where students participated in a rally. Later students paraded to Queen’s Park along with thousands of other students.
EXECUTIVE REPORT CAMPAIGNS & ADVOCACY

Study Space

Study Space Survey
The Study Space Survey received just over 1600 responses from students, including both qualitative and quantitative data. This data has been used by the members of the Study Space Working Group in order to better understand the needs of students for study space on our campus, and shape the development of new study space such as in the upcoming Highland Hall.

Study Space Working Group
The VP AUA is a member of the Study Space Working Group, which is a body that meets on a regular basis to discuss any problems that might arise with study space, and also to make strategic decisions about the future development of study space on campus. Here, a variety of stakeholders and members of the UTSC community address issues like space availability, computer refreshment on campus, safety in study spaces, and Non-UTSC students on campus. If you encounter space concerns or have ideas on how to create study space on campus, reach out to academics@scsu.ca.

Academic Advising Roundtable
This body brings together many different groups all who play a role in providing academic advice students. Topics that have been discussed here included, the academic early alert efforts on campus, and an early alert form for professors. These projects aim to locating students who need academic advice earlier and have begun being tested with lower years in the large first year classes, such as calculus and hope to improve university retention by notifying students of support resources.

Academic Forum
The SCSU began the Academic Forum as the result of a motion struck at the Campaigns and Equity commission to have a space for students to discuss academic concerns, issues, and experiences. The first Academic Forum took place on November 10, 2015 and this space brings together administration and students so they can work together to overcome the barriers students face in their academics. This meeting touched on a number of issues including accessibility, technology in the classroom, financial aid support, and racism, sexism, transphobia and other barriers that permeate in the classroom. This year, the VP AUA intends to increase the frequency of Academic Forums, buy hosting one every other month, beginning in October, 2016.

Black Liberation Collective
#BlackOnCampus events happened across university and college campuses nationally and internationally in response to threats made against Black students at Mizzou and Yale. Following the response of Black students, the Black Liberation Collective was created as a platform for transformative justice for Black students at UofT, across the country as well as across the continent. Black Liberation Collective is a coalition of Black students and organizers across all three UofT campuses. Under the programming section, you will find some of the many BLC events that have been supported by the SCSU.

Academic Navigator
In Winter 2016, The VP AUA created an handout focused on four areas; student academic rights, financial literacy, academic integrity, and a university 101 cheat sheet of the different resources students have on campus.

**Israeli Apartheid Week at UTSC**
The Scarborough Campus Student’s Union supported the work of student groups who engaged in creating spaces to dialogue about Israel’s innumerable violations of international law, anti-colonial resistance, and BDS organizing on campus. The first project was hosted by No One Is Illegal UTSC, who curated an artspace called Borders Interrupted on March 10th, 2016. On the same evening, Toronto Students for Justice in Palestine invited Palestinian and Palestinian-solidarity organizers to host panel of discussion called United We Resist. SCSU continues to support the call from Palestinians for BDS, and condemn the University of Toronto’s investments in military arms companies and an ongoing apartheid, particularly Northrop Grumman and Lockheed Martin.

**Know Your Rights- Interns**
The SCSU partnered with the Canadian Intern Association in the creation of a Know Your Rights Guide for Internships. This guide will be a useful resource for students who are pursuing both co-op opportunities and internships. This is integral as UTSC is seen as the co-op campus. The PDF version of the guide will be available online and printed copies will be available for distribution. With the Co-op Students Association, SCSU hosted a workshop with the CIA lawyer, Andrew Langille to prepare students going on term with the knowledge they need to protect themselves. The event happened on March 16, 2016.

**Racialized & Indigenous Student Experience (RISE) Summit**
From March 19-21, 2016, SCSUs VP Equity along with 3 other delegates attended the first national Racialized and Indigenous Student Experience summit in Toronto, hosted by the Canadian Federation of Students. The Summit was open only to the participation of racialized and Indigenous identified people, and was an opportunity for student activists to gather, to learn, to heal, to share stories of success and struggle, and ultimately develop a common vision to combat racism and colonialism.

**Solidarity with Youth in Attawapiskat**
On April 10th, the Ontario First Nation of Attawapiskat declared a state of emergency in the midst of a suicide crisis. Among a community of 2,000, there were 100 suicide attempts between September 2015 and then; as well, that passed Saturday there were a staggering 11 attempts. As a result, demands made from the youth of Attawapiskat that the Indigenous and Northern Affairs Canada Office, and Indigenous folks in Toronto hosted a direct action in the office. The Canadian government can be doing much more to meaningfully support Indigenous communities, seeing as the impacts of colonization are still felt in today.

**Sexual Violence Policy**

*Your Campus, Your Space*
SOS, SELF, WT*+C and SCSU have come together to create a more accessible and student driven consultation on the Sexual Violence Policy that is being
EXECUTIVE REPORT CAMPAIGNS & ADVOCACY

created – the draft was released in early September, 2016. We realized that is the consultations that were held by the Provost office were inaccessible, in that they were initially organized throughout the summer. Further, being in a space overpowered with administrative presence can also create an intimidating environment. Our student-led was hosted on September 27th, 2016.

Summary Report – Consultation Findings
Upon receiving consent from participants of the student-led consultation, SCSU worked with student unions, departmental student associations and equity service groups to draft up a summary report on student concerns with the Draft Sexual Violence Policy. These concerns include investigation processes, the availability of decentralized resources for survivors, and language used in the policy. The report was submitted to the Vice Provost Office, who have committed to using the areas of concern to further develop the Policy before it is sent to Governing Council for final approval.

May Day
On May 1st, 2016 SCSUs President, VP External and VP Equity had attended the May Day rally. This rally is held every year on May 1st by grassroots organizers in Toronto to mark International Workers Day, for migrant and workers’ rights and in support of Indigenous peoples struggles. This year, May Day in Toronto highlighted the struggles of resistances to anti-Black racism, police brutality, and still held on to marching against colonial and capitalist attacks within our communities. This year we had marched with the organizers and other supporters from Dundas Square to Regent Park to signify the ways in which capitalism impacts our communities.

Canadian University Queer Services Conference (CUQSC)
SCSU had the opportunity to send four (4) delegates to CUQSC from May 12 to May 16, 2016, which took place in Halifax. This included representatives from RSC, SC:OUT and the Women & Trans* Centre. CUQSC is an opportunity for students to unite, network, and share resources of queer and trans* services offered to post-secondary students. The attendees had the opportunity to attend workshops, presentations, and performances. Upon their return, they came together with VP Equity to discuss the ways in which the strategies learned at the conference could be used at UTSC to provide resources and safer spaces for students of the LGBTQ community.

Meeting with MP Gary Anandasangaree and MPP Mitzie Hunter
In May 2016, VP External and the President met with MP Gary Anandasangaree and in August 2016, met with MPP Mitzie Hunter. At both meeting, executives discussed the importance of open communication between the SCSU, students and our MP. We emphasized the importance of the Liberal party’s commitments on education, youth unemployment and missing and murdered indigenous women. Student housing was also an issue that was brought up.

Roundtable Discussion with MPP Andrea Horwath
On June 21st, SCSU executives participated in a two-fold discussion with MPP and Leader of Ontario’s New Democrats, Andrea Horwath. The one-on-one discussion started off with an acknowledgement that we all have a responsibility
to respond to the 94 calls to action put forward through the Truth and Reconciliation Commission of Canada. We recommended that more funding be allocated specifically for Indigenous languages, so they are protected and promoted through the post-secondary education. We also spoke about access to education, transit concerns in Scarborough, as well as the responsibility to respond to activist organizations, like Black Lives Matter Toronto. Our round-table focused mainly on youth un/underemployment, where youth, students, and community workers from Scarborough spoke to their experiences of being racialized and/or first generation Canadians seeking employment.

Transit

Toronto Transit Commission

In December 2016, VP External attended the TTC Budget Committee and Board of Directors Meeting to speak against proposed fare increases. Unfortunately the adult cash fare increase went up at $0.25 cents and $0.10 cents on tokens but there was a price freeze on student metropasses. There will also be service increases: earlier Sunday service, bus service reliability (additional buses, drivers, supervisors to tackle the bunching problem), streetcar service reliability (focused on the Queen St car), and new and enhanced express bus service.

UTSC Shuttle Bus Campaign

On Wednesday, January 13, 2016, SCSU and APUS worked together and provided a free UTSC shuttle bus service for students to send a message to the University of Toronto Administration that there is a need for a permanent, accessible and free shuttle service between the UTSG and UTSC campuses. After the Shuttle Bus campaign, the VP External had several follow-up meetings with UTSC Chief Administrative Office to discuss the shuttle bus service. Conversations are ongoing. As alternatives, meetings with both the TTC to have improvements to the existing 198 Express and the York Regional transit to have a stop at UTSC.

City of Toronto Executive Committee Meeting

On January 28th 2016, VP External attended the City of Toronto Executive Meeting where the new transit proposal was being discussed and voted on. VP External presented a deputation in front of the Executive Committee in support of this new proposal. As well as urging the Executive Committee and the TTC to work together to ensure better transit routes and options for UTSC in the meantime that the LRT will be built. Councillor Ainslie amended the motion to include “improvements to bus transit for students to the University of Toronto - Scarborough”. The SCSU is looking forward to working with the City of Toronto, TTC and the university to improve bus transit.

On Tuesday June 28th, 2016, the Executive Committee was at City Hall to talk about the transit report. VP External and President attended this meeting and made a deputation to the council on the need for the City to invest in transit in Scarborough. SCSU executives advocated in favour of the Eglinton East LRT and the Scarborough Subway.
Departmental Student Associations

Departmental Student Association Training
Every year, the SCSU organizes DSA Training as a way to teach all the new DSA Executives about ways that the SCSU can support DSA’s through the services that SCSU offers, as well as many skills that the SCSU Executives have such as Event planning. DSA training occurred on July 13, 2016. The programming included workshops and presentations on anti-oppression training, SCSU services, SCSU financing, and event management, all of which was capped off with an end of the day group discussion on Orientation’s Academic Day.

Departmental Student Association Council
This is a space created to allow DSAs and the SCSU to collaborate, and address their concerns within the University. This space creates a great deal of discussion on topics such as study space that the VP AUA is then able to take to other relevant bodies such as the Study Space Working Groups.

DSA Takeover Day
The DSA Council also was instrumental in creating the first ever DSA Takeover Day On January 14, 2016 where the VP AUA and DSAs ‘took over’ the student centre. In order to help with increasing the presence of DSAs, all the DSAs gathered in one place to make them easier to find, and tabled as well as also hosting events in the student centre meeting rooms.

DSAs at Orientation
For better practice and planning purposes, the VP AUA worked with the DSAs and Orientation Academic Day Senior Leader to plan academic day. This year, on top of the traditional 4.0 fair and DSA Presentations, we also added in a Student’s Mix and Mingle which focused on creating a space for students in academic programs to meet other students.

Orlando Vigil
SCSU executives had attended two vigils and supported SC:OUT by organizing a third on campus, in honor of the victims of the Orlando tragedy in the second week of June, 2016. The first vigil was held by APUS and UTSG’s LGBTQ student group. At this vigil, they lit candles, had people say a few words, as well as sign banners to spread love. The second vigil was held by the EDO, where University administration, including the Principal, students, and VP Equity shared a few words of solidarity. The third round of initiatives was held by SC:OUT, who organized an arts-based healing space during the day and a candle vigil later in the afternoon. There, 49 candles were lit for the queer and trans* victims of the massacre.

Lead with Pride: Executive Jumpstart
On Saturday July 23rd, VP External attended Lead with Pride: The Executive Jumpstart conference held by the Sexual & Gender Diversity Office. It was an incredible opportunity for LGBTQ+ student leaders and student executives doing equity work to get together before the school year, to talk about the issues and to start collaborations.
Inter U of T Meeting
On Thursday August 4th, SCSUs VP External organized a collective meeting with all VP Externals from student unions across UofT - University of Toronto Students’ Union (UTSU), University of Toronto Mississauga Students’ Union (UTMSU), and Association of Part-Time Students (APUS) and Scarborough Campus Students’ Union (SCSU). Issues concerning the respective campuses and future collaborative opportunities were discussed.

LIVE Interviews with Scarborough Rouge River By-Election Candidates
In the Scarborough Rouge River By-election that took place in fall 2016, VP External conducted live one-on-one interviews with Conservative candidate, MP Raymond Cho, Liberal Candidate, Piragal Thiru, and NDP candidate, Neethan Shan, to let students know where each candidate stands on issues around the affordability of post-secondary education, transit in Scarborough, systematic racism and mental health.
EXECUTIVE REPORT:

Investigating Land Disposition
Indigenous Students Association invited SCSU to collaborate on an event which focused on the First Nations Water Crisis on November 25th, 2015. We are in a state of crisis because water conditions are dire; nearly 20% of First Nations communities are under boil water advisory. At the event, we discussed the detrimental effects of settler colonialism for Indigenous people of Canada and how it informs the water crisis in First Nations communities.

National Day of Remembrance and Action on Violence Against Women
SCSU was invited to participate at the Equity and Diversity Office’s annual commemoration of the Polytechnique massacre, whereby a young man violently killed 14 women. In December 2015, however, there was a focus on the 1200 missing and murdered Indigenous women, two spirited sisters, and girls. Violence is in the physical form, but also in the continued invisibilization of marginalized communities, which is why it was so important to ground the conversation in solidarity with Indigenous communities who face a disproportionate level of violence. The 600 shoes on display in the Meeting Place are meant to represent Missing and Murdered Indigenous Women, 2-Spirited Sisters and Girls.

Break B4 the Burnout: Exam Destressors
From December 7 to December 10, the SCSU hosted a series of exam destressor events in both in the afternoon and at night. On January 14th, 2016, organizers from the Racialized Student Collective partnered with SCSU, the Women & Trans* Centre, and the Muslim Students Association to organize an open forum on Islamophobia, which focused on the implications intersectional discrimination. On February 24th, 2016, we offered free food, craft-making, and a reflection circle for Indigenous and non-Indigenous students in the TV Lounge.

Resilience & Resistance: Black History Month Conference (BHMC)
This was initiative that was a collaborative effort with Black Student Associations across all three campuses, as well as APUS. The Black History Month Conference took place at Sidney Smith Hall on February 27th, 2016, with a series of workshops as well as keynote speakers from Black Lives Matter TO and South African #FeesMustFall campaign.

Stories of Resilience: Women & Trans* Centre Conference

Special thanks goes out the all the artist who took part in the event, Fusion Radio and Historical and Cultural Studies Student Association, and Master of Ceremonies and our Freedom of Xpression Coordinator Shivali Barot. We look forward to all the wonderful talent to come for FX 2017! Contact campuslife@scsu.ca if you’d like to get involved with the showcase.

SCSU Open Forum
As per request by our members, SCSU Executives and Directors worked together to develop and host the SCSU Open Forum. This was an informal space for students to reach out to folks who are involved with SCSU, including conversations with Executives and Directors about how to get involved.

To end off the campaign for last year in Winter 2016, SCSU worked with the Women & Trans* Centre to receive submissions to create a zine. We also organized a Zine Launch on March 29th, 2016, where the artists along with all those who were a part of XAO programming to come together and decompress.

Interdisciplinary Research and Discovery Symposium
This symposium was created to provide a space for undergraduate and graduate students to present research. Last year, this event was done in collaboration with the Graduate Students’ Association at Scarborough, and the UTSC VP Research Office and focused bringing student presenters from the undergraduate level. On March 30th and 31st, 2016, undergraduate researchers from a wide array of disciplines and levels of study were present. The Symposium aimed to connect students with research opportunities. This year, in partnership with other groups at the University who also provide research presentations, IRDS will incorporate Canada’s 150th anniversary. In doing this, it is important that we do not overshadow Canada’s colonial legacy. As a part of the process of Truth and Reconciliation, we will encourage that the University re-center Indigeneity for 2017.

Black Liberation Collective
#BlackOnCampus UofT
Black students and faculty as well as allies at the University of Toronto gathered on November 18th, 2015 to challenge the anti-Black racism within the institution. Black students across all three campus took part in organizing the Black at UofT action.

Black at UofT
On Friday, April 1st, 2016, at Black Lives Matter Toronto Tent City, the Black Liberation Collective (BLC) created a space where Black students, staff, and faculty across all three campuses gathered to share their experiences of anti-Black racism at the University of Toronto. Special thanks goes out to all of the students who dedicated their time, all the departments on campus who supported the execution of the event, and all the student groups who attended. If you’d like to learn how to be a part of the executive team for Orientation 2017, contact campuslife@scsu.ca.

INDEPENDENT AUDITORS’ REPORT

To the Board of Directors:

We have audited the accompanying financial statements of the Scarborough Campus Students' Union, which comprise the statement of financial position as at April 30, 2016, the statements of operations and changes in net assets and cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Canadian accounting standards for not-for-profit organizations and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements present fairly, in all material respects, the financial position of Scarborough Campus Students' Union at April 30, 2016, and of its financial performance and its cash flows for the year then ended in accordance with Canadian accounting standards for not-for-profit organizations.

1. **PURPOSE OF THE ORGANIZATION**

Scarborough Campus Student's Union (SCSU) is a not-for-profit organization operating programs and providing services and advocacy for the full-time undergraduate students at the University of Toronto Scarborough and is exempt from income tax under the Income Tax Act. The primary objectives include: improving the quality of campus life, services and education, and to represent the member students in areas of common interest. Financial operations are administered by an executive committee subject to approval by the Board of Directors.

SCSU has a custodial responsibility for the Student Centre building at 1265 Military Trail under a Student Centre Management Agreement with the University dated October 15, 2004.

2. **BASIS OF PRESENTATION**

These financial statements have been prepared in accordance with Part III of the CPA Canada Handbook - *Accounting Standards for Not-For-Profit Organizations*.

3. **SIGNIFICANT ACCOUNTING POLICIES**

   **Revenue Recognition**

   The collection and amount of non-academic incidental fees charged to students in Ontario is regulated by the Ontario Ministry of Advanced Education and Skills Development through its Ontario Operating Funds Distribution Manual and Compulsory Ancillary Fee Policy Guidelines. Pursuant to these, a change to or introduction of a fee must be done in accordance with a long-term protocol established between the University and its student government. SCSU's protocol with the University of Toronto Scarborough requires a referendum of the student body for significant changes to or the introduction of fees.

   Fees collected from the students for a specific purpose, pursuant to referendums of the student body, are accounted for using the deferral method of accounting for externally restricted contributions. Restricted fees are initially shown as a liability upon receipt of the funds. When the funds are disbursed for their intended purpose, the liability is reduced and an equal amount is then recognized as revenue and expense. All fees, with the exception of two described below, are collected by the University of Toronto Scarborough and periodically remitted to SCSU.

   The Student Centre Levy collected from students as part of the SCSU fee is not recognized as revenue. This levy is withheld and retained by the University of Toronto Scarborough and applied to the building's financing. The University of Toronto Scarborough is required to retain legal title to the building, and contributions towards the cost of the building, or material renovations made to the fabric of the building, become the property of the University and are therefore treated as either repairs and maintenance expenses, or expensed as a contribution towards the building.

   Similarly, the UTSC Sports & Recreation Complex Levy collected as part of the SCSU fees is also withheld and retained by the University of Toronto Scarborough for the same reasons.

To be read in conjunction with our Auditors' Report dated October 21, 2016
3. **SIGNIFICANT ACCOUNTING POLICIES** - continued

Revenue Recognition - continued

Sales and rental revenues are recognized when the related goods are sold or the services performed. Any monies received as a deposit are initially shown as unearned revenue and deposits under the liabilities and then taken into income when the goods and services are provided.

The health and dental plan administration fees charged is $5.50 a semester for each enrolment under Dental coverage, and $5.50 a semester for each enrolment under Accident and Prescription Drug coverage. The total administration fees allocated from H&D fees collected from a student enrolled under both plans for a full year is $22.00.

Leasing revenues are recognized on a straight-line basis over the term of the lease.

Interest is accrued on a daily basis.

Inventory

Inventory consists mainly of admission tickets and Toronto Transit Commission (TTC) fares. It is carried at the lower of cost and net realizable value on a first-in first-out (FIFO) basis.

Property and Equipment

The property and equipment are recorded at cost and amortized over their estimated useful lives. Computer equipment is amortized over five years on a straight-line basis. Equipment and furniture is amortized over ten years on a straight-line basis.

Investment in Subsidiaries

SCSU is the sole controlling shareholder of SCSU Restaurants Inc. (o/a Rex's Den). Rex's Den is the sole controlling shareholder of 2277345 Ontario Ltd. (KFC Express franchise), and 2277596 Ontario Ltd, (Hero Burger franchise), all of which operate out of the Student Centre. The consolidated operations of SCSU Restaurants Inc. have been recorded using the equity method.

Contributed Services

The Union makes extensive use of volunteers in its activities. Volunteer services have not been recorded due to the difficulty in valuing them.

Use of Estimates

The preparation of financial statements in accordance with Canadian generally accepted accounting principles requires management to make estimates and assumptions which affect the amounts reported in the financial statements and the notes to the financial statements. The primary estimates concern the net amount recoverable from the loans and investments in the for profit subsidiaries. Actual results may differ from these estimates. These amounts are reviewed periodically and adjustments are made to income as appropriate in the year they become known.

To be read in conjunction with our Auditors' Report dated October 21, 2016
3. **SIGNIFICANT ACCOUNTING POLICIES** - continued

**Financial instruments**

Financial instruments are measured at fair value when issued or acquired. Financial instruments are subsequently measured at amortized cost, and the carrying amount incorporates the amount and the related financing fees and transaction costs. The effective interest rate method is used to amortize any premiums, discounts, transaction fees and financing fees in the statement of operations. The financial assets consist of cash, restricted cash, guaranteed investment certificates and accounts receivable. The financial liabilities consist of accounts payable and harmonized sales tax. Financial instruments are regularly assessed for indications of impairment. If there is an indication of impairment, being a significant adverse change in the expected timing or amount of future cash flows from the financial asset, an impairment loss (bad debts expense) is immediately recognized in the statement of operations. Any reversals of previously recognized impairment losses are recognized in operations in the year the reversal occurs.

7. **DEFERRED GROUP HEALTH AND DENTAL PLAN FEES**

The health and dental group insurance plan portion of the student fees collected are also accounted for using the deferral method, consistent with the treatment of the other restricted fees above. It is shown here separately due to the magnitude of the plan. The ending balance represents the amount remaining in the fund at the fiscal year-end. Payments made subsequent to the year-end are disclosed to show the amount in the fund at the end of the academic year.

The higher balance at the end of the current year is due primarily to two factors. First, the union was able to negotiate lower premiums for the same level of coverage this fiscal year.

8. **STUDENT CENTRE CAPITAL FUNDS**

Student Centre Loan repayments are withheld from student fee remittances by the University. The fees withheld is recognized as Student Centre Capital Reserve income as the debt to the University is repaid. The 2015 fiscal year is the last for which this amount was withheld from the student fees.

9. INVESTMENT AND LOANS TO RELATED PARTIES

SCSU's initial investment in the Restaurant included $100 for 100 common shares together with advances to fund its operations. SCSU Restaurants Inc. has invested in two subsidiary franchises - Hero Burger and KFC Express. The SCSU wholly owns all shares either directly and indirectly in each of these related parties.

SCSU Restaurants Inc. continues to accumulate a deficit, as do the Hero Burger and KFC Express. Accordingly, the value of these investments have been impaired to reflect management's estimate of the net amount that will be recovered within ten years.

10. **FINANCIAL INSTRUMENTS RISKS**

The main financial instrument risk exposure is detailed as follows.

**Credit Risk**

The financial assets with credit risk exposure are accounts receivable and advances to related parties since failure of any of these parties to fulfil their obligations could result in financial losses for the union. The union is also exposed to a concentration of risk in that all of its cash and the guaranteed investment certificates are held with financial institutions and the balances held are in excess of Canadian Insurance Corporation (CDIC) limits.

**Liquidity Risk**

The Union’s liquidity risk represents the risk that the Union could encounter difficulty in meeting obligations associated with its financial liabilities. The Union is, therefore, exposed to liquidity risk with respect to its accounts payable. The Union meets its liquidity requirements by preparing and monitoring forecasts of cash flows from operations, anticipating investing activities, and holding assets that can be readily converted into cash.

**Market Risk**

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk is comprised of currency risk, interest rate risk and other price risk.

**Currency Risk**

Currency risk refers to the risk that the fair value of financial instruments or future cash flows associated with the instruments will fluctuate relative to the Canadian dollar due to changes in foreign exchange rates. The functional currency of the Union is the Canadian dollar. The Union does not have any financial instruments denominated in foreign currency.

**Interest Rate Risk**

Interest rate risk refers to the risk that the fair value of financial instruments or future cash flows associated with the instruments will fluctuate due to changes in market interest rates. The Union is exposed to interest rate risk with respect to cash and guaranteed investment certificates. Fluctuations in market rates of interest on cash and guaranteed investment certificates do not have a significant impact on The Union’s results of operations. The objective of The Union with respect to its guaranteed investment certificates is to ensure the security of principal amounts invested, provide for a high degree of liquidity, and achieve a satisfactory investment return.

**Other Price Risk**

Other price risk refers to the risk that the fair value of financial instruments or future cash flows associated with the instruments will fluctuate because of changes in market prices (other than those arising from currency risk or interest rate risk), whether those changes are caused by factors specific to the individual instrument or its issuer or factors affecting all similar instruments traded in the market. The Union does not hold any financial instruments subject to this type of risk.

</tbody>
</table>

The net profit realized is due to a 1% commission received from the sale of TTC on tokens, day passes and VIP passes. Post-secondary passes do not generate a profit as they are sold to students at cost.

12. **OPERATING SUBSIDY**

The operating subsidy is received from the University. The University restricted the use of these funds to offset the costs of operating Rex's Den. This subsidy is not student fees, and is passed directly through to the restaurant. This funding is therefore not available for use in the Union's general operations.

13. **SUBSEQUENT EVENT**

On August 29, 2016, 2275596 Ontario Ltd. (o/a Hero Burger) was sold for cash proceeds of $50,000.
